

**RIGHT TO
INFORMATION**

**ARUNACHAL PRADESH INFORMATION
COMMISSION, ITANAGAR**

ANNUAL REPORT

2013-2015

The real Swaraj will come not by the acquisition of authority by a few, but by the acquisition of capacity by all to resist authority when abused.

- MAHATMA GANDHI

**“Laws are not masters but servants,
and he rules them who obey them”.**

-HENRY WARD BEECHER

“Democracy requires an informed citizenry and transparency of information which are vital to its functioning and also to contain corruption and to hold Government and their instrumentalities accountable to the governed”

(Preamble, RTI Act 2005)

ACKNOWLEDGMENT

This 8th, 9th & 10th Annual Report of Arunachal Pradesh Information Commission 2013-15 has been prepared in one volume. The data for preparation of this report is collected from Government Departments of the State. According to Information provided by the departments, the total number of Public Authorities in the State is 30 and the number of Public Information Officers is more than 310.

The Right to Information Act, 2005 is a landmark legislation that has transformed the relationship between the citizen and the State. This legislation has been created for every citizen, to hold the instrumentalities of Governance accountable on a day to day basis. The legislation perceives the common man as an active participant in the process of nation building by conferring on him a right to participate in the process through the implementation of the Right to Information Act.

It is more than a decade Since the RTI Act has been in operation in the State. The State Information Officers and Appellate Authorities are quasi judicial functionaries under the RTI Act with distinctive powers and duties and they constitute the cutting edge of this “Practical regime of information”, as envisaged in the preamble of the Right to Information Act. Together, they create an effective, mechanism for disposal of increasing numbers of requests for information being received from the citizen of India.

The Arunachal Pradesh Information Commission has prepared the Annual Report for three years i.e. with effect from 2013 - 2015 in one volume and while preparing the same, many government functionaries have extended help in many forms ungrudgingly for bringing out this Annual Report.

Our Sincere thanks, to the Chief Secretary, Government of Arunachal Pradesh and all the Principal Secretaries and Secretaries to the Government of Arunachal Pradesh for their contribution in providing the required inputs for this report.

Officers of National Informatics Centre Contributed by not only developing a dependable data-base, but also assisted the Commission by providing the desired input tables.

We also acknowledge the contribution of the Principal Secretary, Department of Personnel, Government of Arunachal Pradesh, and his Staff for their assistance in preparing the report.

Our thanks to the Director, Department of Printing, Government of Arunachal Pradesh, and his Staff for their role in bringing out this report in the most presentable form.

The Commission wishes to express special thanks to the Registrar, Deputy Registrar, Other Officers and Staff of the Commission, who have contributed in preparing this report.

We sincerely hope that this report will be helpful to the Public Authorities, Civil Societies, NGOs, the RTI activists, and citizens in maintaining transparency, accountability and in checking corruption at all level.

Y.D. Thongchi (SCIC)

Shri M.Linggi (SIC)

CHAPTER-1

INTRODUCTION

The enactment of the Right to Information Act, 2005 is a historic event in the annals of democracy in India. Information is power and now a citizen has a right to access information “held by or under the control of” the public authorities. Concurrently, it is the duty of all public authorities to provide information sought by citizens. A sea changed can be achieved towards transparency and accountability in the governance by implementing the Act in letter and spirit.

India being a welfare State, it is the duty of the Government to protect and enhance the welfare of the people. It is obvious from the Constitution of India that we have adopted a democratic form of Government. Where a society has chosen to accept democracy as its credal faith, it is elementary that the citizens ought to know what their Government is doing. The citizens have a right decide by whom and by what rules they shall be governed and they are entitled to call on those who can survive without accountability and the basic postulate of accountability is that the people should have information about the functioning of the Government. It is only if people know how Government is functioning that they can fulfil the role which democracy assigns to them and make democracy a really effective participatory democracy. “Knowledge”, said James Madison, “will for ever govern ignorance and a people who meant to be their own governors must arms themselves with the power knowledge gives. A popular Government without popular information or the means to obtain it, is but a prologue to farce or tragedy or perhaps both”. The citizens’ right to know the facts, about the administration of the country is thus one of the pillars of a democratic State. And that is why the demand for openness in the Government is increasingly growing in different parts of the world.

The Act mandates a legal – institutional framework for setting out practical regime of right to information for every citizen to secure access to information under the control of public authorities. It prescribes mandatory disclosure of certain information to citizens, and designation of Public Information Officers and Assistant Public Information Officers in all public offices / institutions to attend to requests from citizens for information within the stipulated time limits. It provides for appeal to officers senior in rank to Public Information Officers. It also mandates the constitution of a Central Information Commission and State Information Commissions to inquire into, hear second appeals and guide implementation of the Act.

The basic objective of the Right to Information Act is to empower the citizens, promote transparency and accountability in the working of the Government, contain corruption and make Indian democracy meaningful, vibrant and effective for the people in real sense. The Act is a big step towards the citizens informed about the activities of the Government.

Evidently, the major objectives of the Act are:

- 1) Greater Transparency in functioning of public authorities and pro-active and suo motu disclosure of information
- 2) Improvement in accountability and performance of the Government.
- 3) Promotion of partnership between citizens and the government in decision making process; and
- 4) Reduction in corruption in the Government Departments

In compliance of the above provisions of the Act, all levels of the Government – the Centre, States and the Local Bodies including Village level Panchayats – have put the records in public domain, through publications as well as internet, and to facilitate the access to information, a citizen has the right to:

- a) Inspection of work, documents records;
- b) Taking notes, extracts or certified copies of the documents or records;
- c) Taking certified sample of material; and
- d) Obtaining information in electronic form, if available.

Thus, all the public authorities have duly placed the information in public domain and that a citizen has a right to observe as to what is going on inside an organization. In the cases where the information sought for are not provided within the stipulated period of 30 days or the information furnished are incomplete, misleading or incorrect, a requester is free to file a complaint or appeal before the Information Commissioners, for necessary directions to the parties as per the provisions of the Act.

The Commission has the mandate, inter-alia, to impose penalty and or to recommend disciplinary action against the delinquent information providers, if held responsible for obstructing the free flow of information. Accordingly, information seekers and the NGOs have put pressure on the public authorities for promoting the culture of openness in functioning of the Government. A large numbers of PIOs have already been fined for violation of the provisions of the Act, which has, in effect created conditions for providing information to a requester.

Also, due to effective implementation of the Act, both the Centre and the States effectively implemented various schemes and programmes such as :

- a) National Rural Employment Guarantee Scheme (Assured jobs),
- b) Sarwa Shiksha Abhiyan (Education for all),
- c) Mid –day Meal Scheme,
- d) Drinking Water Mission,
- e) Integrated Child Development Services,
- f) National Rural Health Mission,

- g) Bharat Nirman (Rural Infrastructure, mainly Road, Electricity, Potable Drinking Water, Sanitation etc.
- h) Indira Avas Yogna (Shelter for the Poor),
- i) Border area Deveopment Fund (BADP),
- j) National Health Mission (NHM) etc.

All these programmes and several other similar schemes covered under the **MP / MLA Local Area Development Fund** are aimed at providing the basic human needs for maintaining a decent standard of living. These schemes were implemented at the whims of the so-called political boss and never percolated to the needy and poor citizens of the country. However, with the implementation of the Act, it brings transparency and has exposed corruption at all levels and, moreover, enable the citizens to build their strengths and abilities to realize their socio-economic objectives.

With the empowered citizens and free flow of information, there is significant quantitative and qualitative improvement in the delivery of services and realization of benefits of the programmes designed and implemented for the poor. For instance, disclosure of information relating to :

- i) Attendance of staff in schools has helped in checking teachers' abseintism and students' drop out;
- ii) Attendance of doctors and nurses at primary health centres has led to improvement in health care facilities in rural areas;
- iii) Bio metric system introduced in all public offices has led to regular attendance of both the officers and employees which led to quick movement and disposal of files.
- iv) The details of supplies and distribution of food grains through ration shops has assured the reach of entitlements to the beneficiaries;

v) The supply and demand for petroleum products, such as, domestic gas has reduced black marketing;

vi) Muster rolls and beneficiary of employment guarantee schemes has exposed corruption and ensured effective delivery of services to the poor;

vii) Allotment of retail outlets (petrol pumps) and agencies for distribution of LPG gas has ensued fairplay and objective decisions, as reflected from substantial reduction in litigation cases in the matter.

The citizens could come to know through various RTI applications about the illegal appointment in various government department and even exposed wrong marking of answer scripts by the examining body giving extra marks and favouritism to a particular candidate and got appointed illegally by adopting unfair means.

Right to Information Act provides a broad framework for Government and Citizens' interference to design and monitor relevant projects, contain corruption, ensure accountability and to mutually share the responsibility for development. Under the Act, the public authorities are required to adopt open and transparent procedures and methods of delivery of services. They ought to reveal what they do, how they do and what are the outcomes of the policies, programmes and public expenditures. In a democratic society, the citizens, NGOs and media have the right to know as to how they are governed and they also have right to exercise their options to indicate how they ought to be governed and served by the Government. It is important, therefore, to ensure the following:

- a) **Proactive and suo motu disclosure of information:** - Under section 4 of the Act, all the 'Public Authorities are required to make proactive disclosure of information. Almost entire gamut of their

activities and the manner in which they are executed are to be disclosed. The issue is how to present and capture the relevant information that can be of use to the stakeholders for realizing their rights. The Computerization of records and use of IT resources to ensure transparency in functioning of different departments should be accorded high priority. The information should be disclosed on suo motu basis so that a citizen does not have to resort to the provisions of the RTI Act. Almost all the Ministries / Departments have to put up information on their websites, which needs to be examined to assess the adequacy of their details for analysis and use of information.

- b) **Promote Information Literacy:** - The Act empowers every citizen to seek information and to gain ideas and acquire new knowledge to improve quality of life as well as to participate in the effective governance of public authorities. The issue is how to promote information literacy among people to enable them to decide what to ask for, how to ask and how to make good use of information, so that they can effectively participate in the process of development, including control of corruption.

The issue of promotion of information literacy among the both educated and not so well educated citizens is critical, because the people and the government functionaries share the responsibility of expediting the process of development. Accordingly, under Section 26 of the Act, provisions have been made for advancement of understanding of the public through education and training programmes. A multimedia strategy for promotion of information literacy should be designed by Information Commission, all the

public authorities, including educational institution, in collaboration with media agencies so as to ensure greater interface between the stakeholders. The task is challenging, as less than 10 per cent of the poor have some awareness about the law on RTI and the manner in which it could be used by them to claim for their entitlements. The potential of IT resources and widespread educational institutions of all types and levels should be exploited to promote information literacy. The government should provide all necessary supports for such awareness programmes at all levels for effective implementation of the Act.

The Right to Information Act has a comprehensive reach and covers a wide spectrum of bodies. All the Departments and undertakings of the Central and State Governments, institutions, agencies and other bodies established, constituted, owned, controlled or substantially financed by Governments including non-governmental organizations come under the Act. Every citizen of India has the right to access information which is held by or under the control of any public authority under this Act. Such access to information includes inspection of documents or records, taking certified samples of material, cassettes or in any other electronic mode or through print outs where such information is stored in a computer or in any other device.

Faith in democratic form of government rest on the old dictum : “Let people have the truth and freedom ot discuss it and all will go well”. Democracy means Government of the people, by the people, and for the people. However, if the citizens are ignorant of the decisions taken by the Government and reasons advanced for the same, there can be no Government by the people. Every citizen has a fundamental right to know what the Government is doing in its name and for this purpose to get information on each and every decision being taken by the Government. The Right to Information Act, 2005 is the most progressive legislation to make the right to

information more participatory, progressive and meaningful, indeed, is a step in this direction.

Future of RTI: A major challenge is to develop capacities for access to information. The capacities of both the public authorities (i.e. the duty bearers) and the citizens (i.e. the claim holders) may have to be enhanced, for which a two pronged strategy would be needed.

First, a comprehensive information management system (IMS) should be developed by each public authority for storage and retrieval of data and information that may be shared with anyone who seeks to inspect and use the information for development purposes. Not only the institutional capacity but also the individuals associated with facilities to cope with the demand for sharing of information.

Second, in order to properly manage the demand for information from the NGOs, in general, and the citizens, in particular, a concerted effort would be needed to create mass awareness among the people to promote information literacy. A multimedia approach should be adopted to educate and train people as to how to decide and select what information should be sought for and that from where and how? Besides, they should be educated as to how to make best use of information for effective participation in economic and political processes. This alone can ensure cost-effective use of the provisions of the RTI Act. Now the time has come to uphold true democracy in India. Or else continue to swallow in the political cesspool which hails rampant corruption, favouritism etc.

CHAPTER- 2

A BRIEF ABOUT ARUNACHAL PRADESH INFORMATION

COMMISSION

The Right to Information Act, 2005 is a landmark legislation that has transformed the relationship between the citizen and the state. This legislation has created for every citizen to hold the instrumentalities of Government accountable on day to day basis. The legislation perceives the common man as an active participant in process of nation building by conferring on him a right to participate in the process through the implementation of Right to Information Act.

It has been a decade since the RTI Act has been in operation in the state of Arunachal Pradesh. A key strength of the Act pertains to administrative and adjudicative autonomy of Information Commission.

The Right to Information Act 2005 came into force in Arunachal Pradesh along with the rest of the country on 12th October 2005 after 120 days of its enactment. As per the provisions of this Act, State Public Information Officers (SPIO) and State Assistant Public Information Officers (SAPIO) were appointed by the Government of Arunachal Pradesh with separate notifications. In pursuance to the provisions of Clause 3 of Section 15 of the Right to Information Act, a selection committee was constituted for the appointment of State Chief Information Commissioner and State Information Commissioners. On 13th October 2006, Arunachal Pradesh Information Commission (APIC) was constituted and the State Chief Information Commissioner and State Information Commissioners were administered the oath of secrecy by His Excellency Governor of Arunachal Pradesh, on 19th October 2006.

As provided under section 15 (1) of The Right to Information Act, 2005, the Governor of Arunachal Pradesh constituted the Arunachal Pradesh Information Commission vide Notification No. OM-51/2005 dated 13.10.2006 with 1 (one) Chief Information Commissioner and 3 (three) Information Commissioners with immediate effect. In exercise of the powers conferred by the Section 15 of the Right to

Information Act 2005 (No.22 of 2005) and in partial modification of the Notification No. OM-51/2005 dated 13.10.2006, the Governor of Arunachal Pradesh constituted the Arunachal Pradesh Information Commission with a Chief Information Commission and 4(four) Information Commissioners with immediate effect vide Notification No. OM-51/2005/396 dated 14.11.2007

Section 25 of the Right to Information Act provides that the Central Information Commission or the State Information Commission shall prepare a report on the implementations of the provisions of the Act after the end of each year and forward the report to the appropriate Government for laying it before the Parliament or the State Legislature. A combined annual report from 2013-2015 was prepared in compliance with sub-section 25 sub-section (1) of the Right to Information Act.

The Arunachal Pradesh Information Commission has prepared combined Annual Report of 2013, 2014 and 2015 which has been prepared after compiling all the required Information received from different Public Authorities of Arunachal Pradesh.

The Commission started functioning after getting office accommodation at Secretariat Annexe building in the first week of December 2006 with office functionaries provided by the State Government. The Commission thereafter, entertained complaints, appeals and initiated proceedings to dispose of all the cases in accordance with the provisions of the RTI Act. It also started monitoring the implementation of RTI Act and issued necessary instructions to various departments to comply with the provisions of RTI Act. The Commission has strived to educate the public and officials for proper implementation of RTI Act with the help of the State

Government. Due to dismantling of the State Civil Secretariat for construction of new buildings, the Arunachal Pradesh Information Commission was shifted to Hotel Bomdila on 5th November 2008. The Commission is still functioning from the same place without proper facilities like court room, office chamber, furniture, library facility, housing accommodation and supporting staffs in delivering duties under pathetic conditions.

The Arunachal Pradesh Information Commission (APIC) has been rendering wonderful services for transparent and good governance since its inception in the state of Arunachal Pradesh since 2006. It is worth mentioning here that in the year 2009, the Arunachal Pradesh Information Commission was awarded the best Information Commission of India for its effective implementation of Right to Information Act, 2005 in the state. This award was initiated by The Public Cause Research Foundation (PCRF), a Ghaziabad based NGO.

Shri Y.D.Thongchi, IAS (retd.) was appointed as the State Chief Information Commissioner vide Notification No.AR-O2/2011 dated the March 9th 2011, on the Office being demitted by Shri Nyodek Yonggam on 28th February 2011. On 6th Oct'2015, the Arunachal Pradesh Information Commission bade farewell to Chief Information Commissioner Shri Y. D. Thongchi on his attaining the age of 65 as per section 16 (1) of the Right to Information Act, 2005. At present of Arunachal Pradesh Information Commission is in need of a Chief Information Commissioner.

Shri Y.D. Thongchi, IAS (Retd) State Chief Information Commissioner alone was working in the Commission after the retirement of all the State Information Commissioners with effect from 3rd December, 2012 to 7th January, 2014. The appointment of Chief Information Commissioner and Information Commissioner of Central Information Commission and State Chief Information Commissioners and State Information Commissioners of all the States were stayed by the Hon'ble Supreme Court of India on the basis of the Public Interest Litigation filed by one RTI activist Shri Nomit Sharma challenging the Constitutional validity of appointment of the Commissioner under the RTI Act, 2005.

In the said interim order, the Apex court set the norms of qualification and direct both the Central and all States to appoint either from the retired or sitting Chief Justice of High Court as State Chief Information Commissioners and retired or sitting judges of the High Court as State Information Commissioners and in case of legal back ground, who has minimum 20 years of standing in the Bar as Information Commissioners of the States for which the appointment of 4(four) vacant Information Commissioners could not be made in time.

However, the Central Government had filed review petition before the Hon'ble Supreme of India and after arduous argument, the Apex Court restored the RTI Act, 2005 and thereafter the State Government has appointment 4 (four) Commissioners in the Commission and accordingly took oath of secrecy on 8th January, 2014 and since then the present Commissioners has been functioning effectively inspite of various difficulties being faced by the commission such as poor infra-structure facility, constraint of fund etc. in the Commission.

In 2013 as many as 134 cases were registered. The Commission has disposed of as many as 91 cases in 2013. The Commission has neither imposed any penalty nor awarded compensation in 2013.

In 2014 the Commission has registered 120 cases and disposed of 109 case and imposed penalty in 26 cases amounting to Rs 6,50,000/-, Awarded compensation in 4 cases amounting to Rs1,07,000/-, served warrant of arrest in 2 cases and recommended one case to the State Government for initiation of disciplinary action under service Rules against delinquent PIO.

In 2015, 158 cases were registered. The Commission has imposed penalty in 16 cases, awarded compensation in 3 cases, issued warrant in 1 case and in one case recommended to the State Government to initiate disciplinary action against the delinquent PIO for violation of the provision of RTI Act, 2005.

Four Information Commissioners, Shri Matheim Linggi, Smti Nanom Jamoh, Shri Eken Riba and Shri Abraham K. Techii were appointed as State Inforamtion

Commissioners of Arunachal Information Commission (APIC) on 2nd January 2014 vide Notification F.NO.Ar-113/2011 and sworn in on 8th January 2014 and are still continuing in the office.

The general superintendence, direction and management of the affairs of the State Information Commission who shall be assisted by the State Information Commissioners (SICs) and may exercise all such powers and do all such acts and things which may be exercised or done by the State Information Commission autonomously without being subjected to directions by any other authority under sub-section 4 of section 15 of the Right to Information Act, 2005. This powers are being exercised by the Registrar and Deputy Registrar after obtaining approval of the State Chief Information Commission (SCIC) and other Information Commissioners for effective functioning of the Commission.

CHAPTER-3

ACTIVITIES UNDERTAKEN BY THE COMMISSION AND ACTIVELY PARTICIPATED IN RIGHT TO INFORMATION AWARENESS PROGRAMMS:-

Interaction Session with the Chairman of Union Public Service Commission:-

Shri Y.D. Thongchi, IAS (retired) the State Chief Information Commissioner and Sri Mathiem Linggi, State Information Commissioner attended the interaction session with Prof. D.P. Agarwal, Chairman, Union Public Service Commission, New Delhi on 25th April, 2014 in the conference Hall of Planning Department, Government of Arunachal Pradesh, Itanagar. In the meeting various aspects pertaining to procedures/Guidelines conduct of Exam and pertaining to RTI matter were discussed.

Board of Governors meeting of National Federation of Information Commission:-

Both Sri Matheim Linggi and Sri Abraham K.Techi, Information Commissioners (SICs) attended the 12th Board of Governors meeting of National Federation of Information Commission of India (NFICI) held on 13/12/2014 at Kandukuri Commitee Hall Andhra Pradesh Bhawan, New Delhi. The meeting was chaired by Sri chaired by Sri Jannat Hussain I.A.S. (Rtd) Vice President & President (I/C) NFICI who is the State Chief Information Commissioner, Andhra Pradesh Information Information Commission. In his presidential address he said that “The NFICI has emerged out of the RTI Act to strengthen the Right to Information Act 2005”. The Right to Information Act came fully into effect on 12 October 2005 (on the 12th day after its enactment). It is one of the most significant legislations enacted by the Parliament of India. The Act enables the establishment of an unprecedented regime of the Right to Information for the citizens of the country. It overrides the

official secrets Act and similar laws/rules which are now in force. It strikes at Government officials and public functionaries that practices confidentiality has the rule and disclosure as an exception. The Act seeks to establish that “transparency is the norm and secrecy is an exemption” in the working of every public authority. It aims to ensure maximum transparency in the machinery and functioning of Government at all levels. The Right to Information is expected to lead to an informed citizenry and transparency of information which are vital to the functioning of democracy. It will contain corruption and enable holding Governments and their instrumentalities accountable to the governed.

The relationship between a State Information Commission and the Central Information Commission is nowadays compared with that of a High Court in a State and the Supreme Court of India at the national level, which have a clear hierarchical relationship. A key of the Act pertains to autonomous administrative adjudication of Information Commissions. The powers, responsibility and jurisdiction of the national and sub-national bodies, Central Information Commissions and State Information Commissions are identical and each is independent of the other.

The aims and objects of the Federation is to facilitate coordination and mutual consultation among the Central Information Commission and the State Information Commissions constituted under the Right to Information and laws and their interpretation, landmark judgements, case laws and best practices related to the Act in India and similar statutes abroad, to promote knowledge and encourage initiatives in matters related to transparency and accountability in government and to engage the stakeholders such as the Central and the State Governments and the citizen and civil society in these matters etc. Arunachal Pradesh Information Commission is one of its members and has been paying annual membership fee of Rs 1,00,000/- (Rupees One Lakh Only).

North East Zonal level convention:-

Sri Matheim Linggi, State Information Commissioner attended one-day Regional workshop of the North –East States on the workshop on completion of 10(Ten) years of RTI Act 2005, held at Assam Administrative Staff College, Khanapara, Guwahati on 7th October , he also participated in the deliberation as one of the penalists.

Shri Tarun Gogoi Hon'ble Chief Minister of Assam inaugurated the function as Chief Guest. Shri Vijai Sharma Central Chief Information Commissioner, New Delhi and Shri V.K. Pipersenia, IAS Chief Secretary to the Government of Assam graced the occassion as Guest of Honour and Special Guest respectively. The meeting was chaired by Shri H.S.Das, IAS (RETD), State Chief Information Commissioner, Assam, All the State Chief Information Commissioners, State Infromation Commissioners, State Public Information Officers, Civil Societies, NGOs and prominent RTI activiests of the North East States participated in the Workshop.

Annual Convention of Central Information Commission New Delhi:-

Both Sri Matheim Linggi and Sri Abraham K. Techi, State Information Commissioners attended the Annual Convention of Central Information Commission on 16th and 17th October, 2015 at Vigyan Bhawan New Delhi which was inaugurated by Sri Narendra Modi, Hon'ble Prime Minister of India. Shri Arun Jaitly, Hob'ble Union Minister of Finance, Corporate affairs and Information & Broadcasting and Shri Jindra Singh, Hon'ble Minister of State Prime Ministers Office & Ministry of Personnel, Public Grievanacs & Pension graced the occasion as guest of owner and special guest respectively. The Convention was deliberated on, “Trust Through Transparency”, on occasion of completion of Ten years of Right to Information Act 2005.

Shri Vijai Sharma, Hon'ble Central Chief Information Commissioner in his Presidential address highlighted the importance of the Act and further suggested some amendments of the Act for its effective and timely implementation of the Act.

CHAPTER-4

SUGGESTIONS AND RECOMMENDATIONS BY APIC

ENFORCEMENT OF SECTION 4 OF THE RTI ACT AND CREATION OF 'E – DISTRICTS' RECOMMENDATION.

1. It is suggested that public authorities are to insure that all records are documented to be computerized and uploaded on their websites for easy of information from all over the country.
2. The public Authorities should indicate the 'Standard Procedure' followed by it. This may result in making them accountable to citizens.
3. It is suggested that strict directions be issued by the Central Government, that all the States/Public Authorities should fulfill their obligations laid down under section 4 of the RTI Act, 2005 failing which, may lead to penal provisions being applied against such public Authority. Secretary of the department may be held responsible in this regard and be clearly held culpable in case of non-compliance of section 4(1), (b).
4. The Central and the State Governments must necessarily make adequate fiscal allocations for computerization and connectivity for Information Commission level to Public authorities of district/ Block/ Village unit level so as to effectively operationalise the provisions of the Act.
5. Standardization of procedure is a must for the disclosures mandated under section 4 of the Act. System devised by National Informatics Centre (NIC) for submitting RTI- Application/Response; 1st Appeal; 2nd Appeal may be used.
6. National Panchayat portal (www.panchayat.gov.in) may be used for updating information to the level of Panchayat. A standardized format in which the information may be provided, is available to this Website. The state government may ensure this with the Block and Panchayats.
7. Commission to note recommendations in their Annual Report to be considered for computerization of information.
8. Make all government services accessible to the common man in his locality, through common service delivery outlets and ensure efficiency, transparency and reliability of such services at affordable costs to realize the basic needs of the common man.

9. Citizen – centric approach for delivery of selected (bulk) services through Common Service Centre (CSC) involving back office enablement, by way of digitization of relevant records, process redesign and automation of processes/ workflow.
10. Notification of e – District services under section 4 (1) of the Act to enable and legally enforce sharing of information as prescribed, electronically.
11. E- District to act as an enable for facilitation objectives/ services relating to RTI being achieved / delivered, RTI’s legal framework to be leveraged by e – District to make information sharing/ e – services irreversible.
12. The RTI services in e – District could be for reaching the applications, tracking status of the application, receiving services from the Public Information officer and its delivery to the citizen.
13. The core – services under the e- District could be used by the certificates, social Welfare, Revenue Court and ration card etc.

“AUTONOMY AND OTHER ADMINISTRATIVE MATTERS RELATING TO THE INFORMATION COMMISSIONS”

- 1) The Central / State Governments should finance the Central / State Information Commission in the form of Grant – in – Aid with charge budget.
- 2) Equating the state Information Commission (SIC) with High Court Judges and that of the Central Information Commissioners with the Supreme Court Judges and providing equal facilities as is given to them.
- 3) Appointment of CICs & SICs should be purely made from legal luminaries who can appreciate and interpret legal complexities in better positions in delivering order / decision.
- 4) Considering Pension to those Commissioners who had not been a Government servant.

- 5) Treating State Information Commissioners as State Guests.
- 6) Order of precedence may be amended indicating the position of the Information Commissioners.
- 7) Power of contempt should be given to the Information Commissions so as to implement their orders.
- 8) Head of the erring Public authority / Appellate Authorities can be treated as deemed CPIO / SPIO and thereby invoking Penalty provisions under section 20(1) of the RTI Act.
- 9) Honorarium / incentives to PIOs / APIOs for doing additional work.
- 10) In the absence of any contempt provision under the RTI Act, it is suggested that the compensation clause under section 19(8) (b) of the Act can be invoked against the Public authorities for non- compliance of the Commission's decision / order.

“ENFORCEMENT OF DECISIONS AND PENAL CLAUSES OF THE ACT”

INQUIRIES & APPEAL: PROCEDURAL ASPECTS:-

1. The grounds of a complaint u/s 18 and for an appeal u/s 19 are over – lapping. Separate grounds should be there for appeals and complaints, clauses (b), (c) and (e) of Section 18(1) may be deleted as these grounds are basically for exercising appellate powers U/S 19.
2. There is no uniformity of procedure of enquiry – the procedure under section 19 and conducting enquiry U/S 18 should be clearly outlined.

POWERS OF THE COMMISSION:-

1. The proceedings before the Commission be deemed to be judicial proceedings within the meaning of chapter – X of IPC.
2. The powers of Civil Court u/s 13(3) have been given only limited purposes. These do not cover powers concerning execution of decrees and recovery of fine etc.

3. Enforceability of decision – Powers of contempt:
There are instances of non- compliance of orders passed by the Commission. Specific provisions may be recommended to be included in the RTI Act itself for dealing with contempt proceedings.

MISCELLANEOUS:-

1. Accountability of Public Authorities should be ensured.
2. Dismissed of frivolous or Vexatious Complaints- A new section may be inserted for the purpose of either 20 (B) or section -7 (A) against the applicant.
3. Review Power: The Act should contain a provision for review of its own decision by the Commission.
4. Unlawful destruction and non – retrieval of records: A penal provision may be introduced for the same.

RECOMMENDATIONS:-

1. The RTI Act should be included in the syllabus of High School and College level educations.
2. Adequate budget allocation for conducting publicity, training and for education programmes for the information seekers and the information givers.
3. As per Section 2 (j), the individual official, however senior or junior they may be in the hierarchy of the public authority, who holds the information can be held responsible for disclosure of the same, and can they be brought within the ambit of penalty provisions of section 20 (1) in the absence of penal provisions for AAs and public authorities.
4. Information of public interest can be taken into door – steps of citizens.
5. Commissions can prioritize second – appeals/ complaints, which are of public interest over the ones which are self – centric and self – serving.
6. Uniformities in fees, further fees (costs) and charges for inspection etc. Throughout the country.

7. Central Government should provide a draft rules to all the State Government should provide a draft rules to all the State Governments to ensure uniformity in service conditions of officers/employees of the Commissions all over the country.
8. More publicity on RTI Act should be done by Doordarshan and All India Radio.
9. The RTI journal be made for circulation among the Commissions.
10. Most of the Commission throughout the country are either functioning in private building or in Govt. department building without basic infrastructure. Therefore, the Central Government/ State Government should provide fund for separate land, building including infra-structure.
11. PIO, should be paid incentives in form of honorarium etc.

CHAPTER-5

SOME IMPORTANT ORDERS / DECISIONS OF THE COMMISSION

ARUNACHAL PRADESH INFORMATION COMMISSION,
GOUPUR TINALI ROAD HOTE BOMDILA
ITANAGAR.(A.P)

APPEAL NO. APIC – 07/2014

Dated Itanagar the 28th Aug' 2014

ShriTadapTok
Lower Bazaar Line,
P.O PakkeKessang
P.S. Seppa, District East Kameng
Arunachal Pradesh.

-Appellant

Vrs

Shri Hage Pillya
PIO/Superintending Surveyor of Work
C/o Chief Engineer (D&P) P.W.D.
Itanagar, Arunachal Pradesh

-Respondent

BEFORE THE SINGLE BENCH OF SHRI MATHEIM, LINGGI.
STATE INFORMATION COMMISSIONER,(SIC)

ORDER

Fact of the case in brief is that the appellant Shri TadapTok filed an application in form 'A' on 27/08/2013 before the PIO-cum- Chief Engineer (D&P) P.W.D. Itanagar, Arunachal Pradesh seeking information pertaining to enlistment of Contractor's licence of Sri SubuTachang, class-I (Civil category) and detailed particulars of information relating to registration of the said firm mentioned in SL No. 5(a) to (h) and SL No. 6 of the application.

Details of information required:-

- a. Furnish the detail name of firm M/s Subu Tachang, enlistment in APPWD in class-1 under civil category for APST, and furnish the name of proprietor.
- b. Furnish the details instrument and concreting Equipment in against the aforesaid firm which were submitted during the registration for Enlistment of the said firm.

- c. Furnish the details lifting and transportation equipment as like builder's hoist and Track/tippers in against the aforesaid firm along with purchasing of said equipment of its bill/challan, which was submitted during the registration for Enlistment of the firm.
- d. Provide the details pavement and earth moving equipment as like paver finisher, Road roller, Vibratory road roller and excavator cum loader, JCB and Bulldozer along with furnish the registration copy of said earth moving Vehicles and also furnish the bill copy of purchasing vehicle in against the abovementioned firm.
- e. Furnish the Banker/solvency certificate which was submitted during the registration for enlistment of the said firm in APPWD along with name of issuance schedule Bank.
- f. Furnish the detail copy of documents of Graduate Engineer and Diploma Engineer of the said firm and also provide the details agreement between proprietor of said firm and the employer (Engineer).
- g. Furnish the details past work experience along with completion certificate of the said firm which was submitted during the registration for enlistment of the said firm.
- h. Furnish the details Enlistment processing fee in against the said firm which was deposited during the enlistment of the aforesaid firm.
- i. Period for which information required: 2008 to 2012.

The Public Information Officer has issued showcase notice to the proprietor of the firm Shri SubuTachang, as to whether the information sought by the application be disclosed or not within 10 days under section II of the RTI Act on 27/9/2013.

In response to the said show case notice the Proprietor Shri SubuTachang, has requested the PIO not to disclose the information to the applicant in his reply dated 4/10/1013.

On 10/10/13 the Public Information Officer has refused information as sought by the appellant on the ground that the information sought comes within exemption u/s 8(1) (d) of the RTI Act i.e. information including commercial confidence, Trade secrets or intellectual property disclosure of which would harm the competitive position of the third party.

Being aggrieved by the order of the PIO, the Appellant appealed before the First Appellate Authority (FFA) – the Commissioner PWD on 15/11/2013. The First Appellate Authority also refused information and upheld the order of the PIO on 19/11/2013 on the same ground.

Finding no other alternative efficacy, the appellant appealed before the Commission seeking information as sought by him under section 19(3) of the RTI Act, 2005 on 16/01/2014.

Appeal was admitted and several dates were fixed for hearing by issuing notice to both the appellant and the Respondent to appear before the Commission to substantiate their claims and objections if any.

Appellant verbally submitted that the information sought by him is related to public activity as the license was issued by the PWD Govt of AP to carry out govt. contract work and as such while granting the said license whether the licensor has furnished required documents and other information provided to the concerned issuing authority before obtaining the said licence/firm or not. He further submitted that the said firm has been executing Government Departmental works and as such he being the citizen is entitled to know the information sought by him.

The Public Information Officer also verbally submitted that the information sought by the applicant is exempted under section 8(d) of the RTI Act and further submitted that the information requested relates to third party and the third party has in writing requested the PIO not to disclose any information to the appellant. The Third party was issued notice but did not appear.

Final hearing was fixed on 20/08/2014 and during the course of hearing, Shri SubuTachang, –the proprietor of the firm submitted his written reply wherein he prayed the commission not to direct the PIO to furnish the information to the appellant as it relates to exempt under section 8 (1) (d) of the RTI Act and relates to third party and has been treated as confidential by the third party.

He further submitted that the name of his firm is “Subu Tachang” not “M/s Subu Tachang as reflected in form ‘A’ filed by the appellant. The appellant stated that the firm “M/s Subu Tachang” is the same firm and the proprietor is also the same person. He admitted that has wrongly spelled ‘M/s’ in the application. He further submitted that the proprietor of the said firm did not raise any objection for insertion of word ‘M/s’ when he was issued notice by the PIO and FFA. The appellant further submitted that the proprietor of the firm Subu Tachang, ought to have raised objection at the initial stage and raising at this stage is nothing but to intentionally delay the case.

The appellant stated that the said firm was enlisted as contractor on 06/02/2013 but prior to the enlistment of the said firm he has been executing Govt. contract works awarded by the PWD Govt. of A.P in the name of the said firm such as:-

- (1) C/o Road from LajiBogya to salalya (4.32km) (PMGSY-Ph-vi/2007/08).
- (2) C/o Road from Dilopolyang to Hong (iii) upto Abulya (6.2km) (PMGSY-Ph-viii/2009).
- (3) C/o Road from 97Km. Kimin to Daporijo to Sibe village (ShiraLingal) (PMGSY-2009-10).
- (4) C/o Road from PWD road to padu village (PMGSY-IX/2011-12).
- (5) C/o Road from 116 Km point of seppa-sagalee BRTF Road to Pakke-Kessang (PMGSY-207/2010-11).
- (6) C/o Road from Along BRTF Road to Parong village PMGSY- V/2012 which is shown in the calendar of the time Subu Tachang - 2013.

Heard both the parties. Also perused the documents produced by both the parties.

Before arriving at a just decision the Commission would like to discuss the Provision under section 8(1) (d) and section 11 of the Right to RTI Act, 2005.

Section 8 (1) (d): Notwithstanding anything contained in this Act, there shall be no obligation to give any citizen:

(d) Information including commercial confidence, trade secrets or intellectual property, the disclosure of which would harm the competitive position of a third party, unless the competent authority is satisfied that larger public interest warrants the disclosure of such information.

Section 8(1) (d) is relevant so far instant case is concerned which, inter alia, provides that the authority may refuse to give information relating to commercial confidence, trade secret or intellectual property, disclosure of which would harm the competitive position of the third party, unless the competent authority is satisfied that larger public interest warrants the disclosure of such information.

The question therefore, that falls for consideration is as to whether disclosure of various documents submitted for enlistment of the firm/license by the third party during registration is a trade secret or commercial confidence or intellectual property.

Prima-facie, the Commission is of the considered view that once a decision is taken in the matter of grant of license/firm, there is no justification to keep it

secret. People have a right to know the basis on which the decision has been taken. If the third party are invited by the Public Authority and on the basis of documents, the eligibility of a license is decided, then those documents cannot be kept secret, that too, after the license is issued on the ground that it will amount to disclosure of trade secret or commercial confidence.

If the authorities of govt. refused the disclosure of the document, the very purpose of the Act will be frustrated. Moreover, disclosure of information sought for by the petitioner, cannot and shall not be a trade secret or commercial confidence; rather disclosure of such information shall be in public interest in as much as it will show the transparency in the activities of the government.

The said license/firm was issued by the Chief Engineer (D&P) PWD, govt. of (AP) Itanagar, No CEAP (D&P)/W-48/2012-13/2068-83 dated 06/02/2013 and the proprietor of the firm is govt. licensed contractor carrying out business both govt. and private in the state. Requiring license/from the Public Authority, qualifies to be public activity. The information solicited here may pertain to a private person, who might own a firm i.e. contractor license, yet the activity undertaken by him has a strong public face and relationship to public activity. Since the licensing authority is PWD, Govt. of A.P. Itanagar, which is a public authority. A citizen is entitled to know whether the letter of law followed by the licensing authority in authorizing such a public activity.

Information Concerned with Third Party:-

What satisfaction must be arrived at prior to disclosure of information about third party:-

Looking to the provisions of the Act especially section 8(1)(d) & 8(j) and proviso to section 11 (1) information to applicant relating to or supplied by the third party and treating as confidential by the third party, the Act imposes a duty upon Commission to arrive at a conclusion that public interest in disclosure outweigh, harm and injury, to the protected interest warrants disclosure of such information.

In considering whether the public interest in disclosure harm or injury to the interest of such third party the Commission will have to consider the following:-

- i) The objections raised by the third party by claiming confidentiality in respect of the information sought for

ii) Whether the information is being sought by the appellant in larger public interest or to wreak vendetta against the third party.

iii) In deciding that the profile of person seeking information and his credentials will have to be looked into the profile of the person seeking information in the light of the other attending circumstances, lead to construction that under the pretext of serving public interest, such person is aiming to settle personal score against the third party, it cannot be said that the public interest warrants disclosure of information solicited.

iv) The public Information Officer dealing within the information relating to or supplied by the third party has to constantly bear in mind that the Act does not become a tool in the hands of a busy body to settle a personal score.

If the disclosure of the information sought for is likely to cause harm to the competitive position of a third party and so long as the overwhelming larger public interest does not outweigh it shall not be furnished. If on the other hand, there is no such risk, perceived, the information even relating to third parties can as well be furnished. Thus information even relating to third parties, which not necessarily be public authorities is contemplated to be furnished under the Right to Information Act.

The party has not made any grounds not to disclose the information as sought by the appellant Third party has simply requested the PIO not to disclose the information as the appellant has no business to know about his firm.

The Commission will now look at the contention of the respondent during the hearing that the information sought by the appellant is exempt under section 8(1) (d) of the R.T.I Act, 2005. Section 8(1) (d) exempts information including commercial confidence, trade secrets or intellectual property, the disclosure of which would harm the competitive position of a third party, unless the competent authority is satisfied that larger public interest warrants the disclosure of such information.

It cannot be argued that how this can be considered commercial confidence, trade secrets or intellectual property either, the onus to justify the denial of information is on the PIO and the respondent has given no records explaining this ground while denying information to the applicant appellant.

The very object of the Right to Information Act is to provide for setting out practical regime to right to information for citizens to secure access to information under the control of Public Authorities, in order to promote transparency and accountability in the working of every public authority.

The preamble of the Act says that the Act is passed because “democracy requires an informed citizenry and transparency of information which are vital to its functioning and also to contain corruption and holds Governments and their instrumentalities accountable to governed”.

Thus the commission strongly believes that providing information in larger interest would help ensure impartiality, objectivity and fairness.

In view of the above, the Commission allows the appeal and holds that the Appellant is entitled to the information sought by him and sets aside the earlier orders dated 27/9/2013 passed by the Public Information Officer (PIO) and the order dated 19/11/2013 passed by the First Appellate Authority (FFA).

Accordingly this commission directs the Public Information Officer (PIO) who has the custody of the documents, to make the required information available to the Appellant free of cost, before 30th September 2014 failing which this commission shall be compelled to invoke section 20 of the RTI Act, 2005 upon the PIO.

This decision is announced in the open court.

Accordingly, the appeal is allowed. Let the copy of this order be furnished to parties free of cost.

Dictated draft, corrected, signed and pronounced in the open court, this the 28th August, 2014.

APPEAL NO. APIC-80/2014,

Dated 28/09/2015

UNDER SECTION 19(3) RTI ACT'2005

V.K. Tyagi,
Principal
Kendriya Vidyalaya NMR
JNU old Campus,
Baba Gangnath Marg,
New Delhi-110067.

- **Appellant.**

Vs

PIO-cum-Principal
Govt. Higher Secondary School
Itanagar.

- **Respondent.**

Date of Hearing

- 23/09/2015.

**BEFORE THE COURT OF SHRI. Y.D. THONGCHI, CHIEF INFORMATION
COMMISSIONER**

ORDER.

Both appellant Shri V.K. Tyagi and PIO Shri D.Kato, Principal, Govt. Higher Secondary School, Itanagar appeared before the Commission. The appellant, Shri V.K. Tyagi said that he had served as a senior teacher, Biology in the Govt. Higher Secondary School, Itanagar for many years and had left that School on having been appointed as the principal, JNU Campus, New Delhi. He stated that for regularization of his service in the Kendriya Vidyalaya, he needed the certified copy of his due drawn statement for the period of 1.09.2002 to 30.06.2003, for which he made several correspondences to the Principal, Govt. H.S. School, Itanagar but to no avail. On telephone, he was told by the Assistant that his pay bill was also missing, and but when he had applied for the same the Principal could send same which was as it was

available in office and he was mis-led by the Assistant. Thereafter, on receipt of the copy of pay bill he had sought the due drawn statement as above, but the Principal refused to send same on the pretext that it was sent already.

The PIO, ShriD.Kato stated that he was under impression that the Pay bill and due drawn statement are same and so he was in confusion why Shri V.K. Tyagi was again asking same thing.

During the course of hearing Shri V.K. Tyagi produced a copy of due drawn statement which he, after verifying the records of the office of the Principal Govt. H.S. School, had prepared after his arrival at Itanagar. He wanted the same authenticated by the Principal, which ShriD.Kato, after re-verifying with his records have authenticated by putting his signature and official seal and handed over the same in the Court room itself.

Shri V.K. Tyagi also requested that a duly certified/authenticated copies of the same may be forwarded to the Director, KendriyaVidyalayaSangathan, with a copy of same to the Director of the School Education, Govt.of A.P. Itanagar.

The request of the appellant Shri V.K. Tyagi is accepted and ShriD.Kato, the principal, Govt. H.S. School Itanagar is hereby directed to forward a certified/authenticated copy of the due drawn statement of Shri V.K. Tyagi for the period mentioned above to the Director, KendriyaVidalayaSangathan, New Delhi with copy of same to the Director, School Education, Govt.of A.P. Itanagar with intimation to this Commission within 7(seven) days from the date of issue of this order.

With this the case stands disposed off.

7. Course presently offers by the university. Do these Courses have the approval of the university Grants Commission, New Delhi.
8. Faculty position of the university.

The PIO/Registrar Reply:-

Refused Information to the appellant stating that Indra Gandhi Technological and Medical Sciences University is a private university and does not come under the ambit of RTI Act 2005.

First Hearing on 26/06/2014:-

Mr. Duyu Pussang Registrar In-charge of Indra Gandhi Technological and Medical Science, ziro, appeared as APIO with an application to Arunachal Pradesh Information Commission dated 20/06/2014 enclosed with a letter from Mr. V. Narayanasamy then Hon'ble Unoin Minister of state Prime Minister office, Personal, Public Grievances and Pensions Govt. of India Dated 16th/sept/2013 in which it was written that "Private Universities and Institutions are not Cover under RTI".

Mr. Duyu Pussang also argued that the Indra Gandhi Technological and Medical Sciences University, Ziro is a privately funded and administered by private party and hence does not come under RTI Act'2005 and refused to furnish information to appellant.

Dr. Nani Bath, appellant has argued that though the Indra Gandhi Technological and Medical Sciences University is a private university, it falls under section 2(h) of RTI Act 2005 as the university has created and incorporated by an Act. The Indra Gandhi Technological and Medical Sciences university Act 2012 which was passed in the Eight Session of the Fifth Arunachal Pradesh Legislative Assembly and Published in the Arunachal Pradesh Gazette (Extraordinary), No 99, VOL, XIX dated 30/may/2012 and also the Govt. of Arunachal Pradesh has Tacit Control over the functioning of the university through its representations in the

Governing Council, Executive Committee and Finance Committee of the university. Further he said the university is being substantially finance by the Govt. Of Arunachal Pradesh with, an amount of Rs 50,00,000/(Rupees fifth lakhs) only has been sanctioned , Vide No (p)-11/2011-12, dated 1/04/2011 for construction of boundary wall of Indra Gandhi Technological and Medical Science university, Ziro , implemented through water Resource Department, Ziro Division Govt. of Arunachal Pradesh. He also stated that a room has been allotted to the said university in Govt. District Hospital Ziro dated 12/sept/2012 by the Govt. of Arunachal Pradesh through District Medical Officer Ziro.

The commission refused to honour the letter of the Hon'ble Union Minister V. Narayanamy written to Prof. D.S Chamhan, General Secretary Indian Council of universities submitted by the PIO Mr.Duyu Pussang Registrar Incharge Indra Gandhi Technological and Medical Sciences, Ziro with an appeal to consider it as an amendment of RTI Act and Exempt the said university from the ambit of RTI Act. The commission also directed Dr. Nani Bath appellant to produce all relevant documentary evidence to substantiate his argument and appear before the commission on **31/07/2014**.

Second Hearing :-

Dr. S.P.Singh Registrar of Indra Gandhi Technological and Medical Sciences, Ziro appeared as PIO and Dr. Nani Bath Appellant appeared. Dr. Nani Bath submitted the following documentary evidence in support of his previous argument.

1. Copy of the Arunachal Pradesh Gazette Notification on the Indra Gandhi Technological and Medical Sciences university Act, 2012 (Act N0 6 of 2012).
2. Copy of governing Council being represented by two nominees of the Govt. of Arunachal Pradesh.
3. Copy of Membership of Executive Committee, one nominees from govt. of Arunachal Pradesh
4. Copy of Finance Committees one nominees from govt. of Arunachal Pradesh.
5. Copy of govt. sanction order for construction of construction wall of Indra Gandhi Technological and Medical Sciences university ,Ziro Arunachal Pradesh to the tune of **Rs 50,00,000/-** (fifty lakhs) only under **SPA 2012-11**, issued by Executive Engineer water Resource Division Ziro, Govt. of Arunachal Pradesh .

6. Copy of Allotment order of a room at Govt. District Hospital Ziro in favour of Indra Gandhi Technological and Medical Science University Ziro issued by District Medical officer lower Subansiri District Ziro, Govt. of Arunachal Pradesh.

Dr. D.P Singh PIO/Registrar of Indra Gandhi Technological and Medical Science has contended that he is totally ignorant about the Govt. funding of Rs 50,00,000 /- (fifty lakhs) only for construction of Boundary wall of the said university .He also contended that Indra Gandhi Technological and Medical Science is a purely a Pvt. University and has got no business with state and central Govt. in any form.

After hearing both the parties the commission gave an opportunity to Dr. D.P Singh Registrar of Indra Gandhi Technological and Medical Sciences University Ziro to produce before the commission to substantiate his argument and directed both the parties to appear on **28/08/2014** for final hearing.

Third and Final Hearing:-

Mr. Duyu Pussang appeared as APIO of Indra Gandhi Technological and Medical Science University and Dr. Nani Bath appellant appeared.

Mr. Duyu Pussang on funding of Rs 50,00,000/- (fifty Lakhs) for construction of Boundary wall, has contended that the said amount was sanctioned and work executed before the notification of the university by the govt. of Arunachal Pradesh and should not be considered that the amount has been spent for the infrastructure development of indra Gandhi Technological and Medical Sciences university. But Dr. Nani Bath Contended with documentary evidence of Land allotment order dated **27/02/2003** issued infavour of Indra Gandhi Technological and Medical Science by the Deputy Commissioner of Govt. of Arunachal Pradesh Lower subansiri District, Ziro, hence the amount was spent on the said university.

Decision :- After hearing both the parties and persued the documents submitted by them the Commission come to the conclusion that Indra Gandhi Technological and Medical Science university , Ziro Arunachal Pradesh, attracts section 2(h) of RTI Act; 2005, as the said university has been created and incorporated by an Act ,the Indra Gandhi Technological and Medical Sciences university Act 2012 which was passed in the Eight Session of the Fifth Arunachal Pradesh Legislative Assembly, and publish in the Arunachal Pradesh Gazette (Extraordinary) **No 99, VOL,XIX dated 30th May 2012**. The Indra Gandhi Technological and Medical Science university is Substantially financed by the Govt. of Arunachal Pradesh as it is shown in the documentary evidence submitted by the appellant on construction of Boundary

wall for the said university through the water Resource Department Ziro, Division, Govt. of Arunachal Pradesh to the tune of **Rs 50,00,000/-** (fifty Lakhs) only has been sanction ,**Vide No.PD(p)-11-12, dated 1st/04/2011 under SPA 2010-11**. Further, the Indra Gandhi Technological and Medical Sciences University Ziro is having representatives from Govt of Arunachal as Members in the Governing Council, Executive Committee and Finance Committee. Hence the commission declared the Indra Gandhi Technological and Medical Sciences university Ziro, as a **Public Authority** and falls under the ambit of RTI Act' 2005.

Thus, the Registrar of Indra Gandhi Technological and Medical Sciences Ziro, is directed to provide all the information sought by the appellant within one month from the date of this order.

- (iii) ACRs of all officers considered on the SL NO. 1 above.
- (iv) Copies of Adverse remarks on ACR of Sri Rimmar Taso communicated to him between 2006-2015.
- (v) Yearwise (financial yearwise) clear & retirement vacancies in the post of SE, PWD from 2006-07 onwards upto 2014-15.

The Appellant submitted that he was furnished the following incomplete information:-

- 1) Only DPC proceedings received, ACR not furnished.
- 2) Information received.
- 3) Information not furnished.

- 4) Information furnished.
- 5) Information not furnished.

The Appellant was denied information as sought by him by the Respondent within the stipulated period of 30 days as provided under section 7(1) of the RTI Act, 2005.

Finding no other alternative efficacy, the Appellant filed an appeal under section 19(1) of the Act before the First Appellant Authority (FFA) -cum-Commissioner, PWD Govt. of Arunachal Pradesh Itanagar on 24/06/2015 for denial of information as sought by the Appellant.

The First Appellate Authority (FFA) in his order No.SPWD/W/RTI/329/06 (VOL.1) Pt/358-60 dated 24/06/2015 upheld the decision of the PIO and denied the remaining information on the ground that the information sought by the Appellant is exempted under section 8 (1) (e)(j) of the RTI Act, 2005. The FFA further opined that the public interest is not served by providing the information to the applicant. The FFA agreed with the decision of the PIO as the ACRs are meant to be confidential and not for public domain.

Being aggrieved by the order of the First Appellate Authority (FFA), the Appellant filed second Appeal on 25/06/2015 before the Commission under section 19(3) of the RTI Act, 2005 for denial of information as sought by the Appellant.

The Commission admitted the appeal and served notice upon the Respondent on 25/06/2015 and directed to appear before the Commission on 31/07/2015 for hearing of both the parties for disposal of the case.

Accordingly the Appellant appeared and the Respondent not appeared. Perused the case record and heard the appellant at length.

The Appellant submitted that he was not furnished the following information mentioned in SLNO.1 ACR, SL no.3 and Sl no.5 of form 'A'.

The Respondent in its order claimed that the information as sought by the appellant are within the ambit of exemption under section 8(1) (e) (J) of the RTI Act, 2005 and therefore it cannot be furnished.

The Appellant submitted that the claim of the Respondent is false and prayed the Commission for furnishing the information as sought by him. The Appellant further contended that the information as sought by him is not covered by any of the exemptions permissible under the Act.

Before arriving at a just decision, the Commission would like to discuss the provision under section 8(1) (e) (J) of the R.T.I Act, 2005.

Under section 8(1)(e) (J) of the RTI Act, information which has been exempted is defined as ; “information which related to personal information the disclosure of which has no relationship to any Public activity or interest, or which would cause unwarranted invasion of the privacy of the individual unless the Central Public Information Officer or the State Public Information Officer or the Appellate Authority, as the case may be, is satisfied that larger Public interest justifies the disclosure of such information.”

“Information available to a person in his fiduciary relationship, unless the competent authority is satisfied that larger public interest warrants disclosure of such information”

To qualify for the exemption under section 8(1) (e) (j) of the RTI Act, the information must satisfy the following criteria:

It must be personal: words in a law should normally be given the meaning in common language. In common language, we would ascribe the adjective ‘Personal’ an attribute which applies to an individual and not to an institution or a corporate. Therefore, it flows that ‘Personal’ cannot be related to institutions, organization or corporate. Hence section 8(1) (j) of the RTI Act cannot be applied when the information concerns institutions, organizations or corporate.

The phrase ‘disclosure of which has no relationship to any Public activity or interest’ means that the information must have been given in the course of a public activity. Various public authorities in performing their functions routinely ask for ‘personal’ information from citizens, and this is clearly a public activity. Public activities would typically include situations wherein a person applies for a Job, or gives information about himself to a public authority as an employee, or asks for a permission, licence or authorization, or provides information in discharge of a statutory obligation.

The disclosure of the information would lead to unwarranted invasion of the privacy of the individual. The state has no right to invade the privacy of an individual. There are some extra ordinary situations where the State may be allowed to invade the privacy of a citizen. In those circumstances special provisions of the law safeguards. Therefore where the state routinely obtains information from citizens, this information is in relationship to a public activity and will not be an intrusion on privacy.

Parliament has not codified the right to Privacy so far, hence, the citizen's right to information would be given greater weightage. Therefore, denial of information without providing reasons for claiming exemption under this section is unjustified.

Whenever a candidate submits his application for appointment, or promotion to a post under a public authority, the same becomes a public documents, disclosure of which cannot be objected to on the grounds of invasion of privacy. Therefore, disclosure of ACRs, proceedings of DPC and grade given by various officers also can be disclosed.

Cabinet decision in the matter is long over, the information sought can also be provided under proviso to Section 8 (1) (i) of the RTI Act, 2005

In terms of Section 8(1) (i), Cabinet decision, the reasons thereof and the material on which the decisions were taken shall be made public after the decision is taken and the matter is complete except those covered under any of the exceptions in Section 8 of the RTI Act.

In the instant case, the First Appellate Authority in his reply / order no. SPWD/W/RTI/329/06 (Vol.1)Pt/358-06 dated 24/06/2015 informed the appellant that the information sought are exempted by section 8 (1) (e)(f) of the RTI Act,2005. There is no doubt that the information sought is "Personal" information inasmuch as it is the Annual Confidential Report of a government officer. The ACRs is a report that evaluates the work and performance of a public servant. The Public authority concerned, must necessarily have this information so to make an assessment of its officer's performance. The ACR containing certain information about the officer is disclosed by the officer to the public authority and such report is prepared by the public authority. This is necessarily done in the course of a public activity. Disclosure of such information cannot be construed as unwarranted invasion of privacy of the officer concerned as it concerns issues raised in the exercise of his public activity as a public servant. Moreover, a public servant is accountable to public and therefore, every citizen has the right to obtain information that may assess his credibility, integrity and performance.

It is pertinent to mention here that the Hon'ble Supreme Court of India in Union of India V. ACR in Appeal (Civil) 178 of 2001 and W.P. (Civil) 294 of 2001 decided on 02/05/2002, observed that persons who aspire to be public servants by getting elected have to declare inter alia their property details, any conviction/acquittal of criminal charges, etc.

It follows that persons who are already public servants cannot claim exemptions from disclosure of charges against them or details of their assets. Given our dismal record of misgovernance and rampant corruption which colludes to deny citizens' their essential rights and dignity, it is imperative for achieving the goal of democracy that the citizens' right to information is given greater primacy with regard to privacy.

Therefore, disclosure of information such as property details, any conviction/acquittal of criminal charges etc. of a public servant, which is routinely collected by the public authority and provided by the public servants, cannot be construed as an invasion of privacy of an individual and must be provided to an applicant under the RTI Act. Similarly, citizens have a right to know about the strength and weaknesses as well as performance evaluation of all public servants. The government is elected by the citizens of India and it is the duty of such government through its officers to protect the rights of the citizens.

The salary of such government officers is also paid from the public exchequer. For these reason, every citizen has the right to know and obtain information about the performance of every public servant or government officer to ascertain whether the duties entrusted to such public servant or government officer are being carried out.

It would not be out of place to mention that the terminology "Annual Confidential Report" has been used since the British times when 'Secrecy' was the guiding notion for the government and consequently, the work done by the latter was not for the citizens' perusal and kept confidential. This was evidenced by the enactment of the Official Secrets Act, 1923. Over the years, this trend has undergone a drastic change inasmuch as the Indian judiciary recognized the citizen's right to have access to information under the control of government entities in order to bring about transparency and accountability in the functioning of every government department. This was given a statutory ratification by way of the Right to Information Act, 2005, which recognized the citizen's fundamental right to information. The RTI Act endeavours to do away with the notion of 'Secrecy' which was prevalent in the British era and carried forwarded thereafter inasmuch as Section 22 of the RTI Act specifically provides that RTI Act shall override the Official Secrets Act, 1923 irrespective of any inconsistency contained in the latter.

Information in regard to ACRs are not covered by any of the exemptions permissible under the Act. This decision was given by the Central Information

Commission in Mrs. Neetu Sharma –Vrs- UPSC Appeal No. CIC/WB/A/2007/00770 decided on 14.11.2008 (CIC).

The relative grading of officers' Annual Confidential Reports during their promotion is not a personal information and should be made public, the Central Public Information (CIC) has held. Since the relative grading of the ACRs is the basis for recommending a certain officers for promotion, this needs to be disclosed just as the Caste Certificate of a public servants needs to be disclosed since that serves as the basis for his or her appointment to the government service.

In view of the forgoing arguments, this Commission holds that performance appraisal known as Annual Confidential Reports since the days of British Raj- are not covered by Section 8(1)(e) (j) of the RTI Act, 2005 and disclosure of these cannot be construed as invasion of the privacy of an individual. Denial of information without providing reasons for claiming exemption is unjustified.

Prima facie, this Commission is of the considered view that once a decision is taken, there is no justification to keep it secret. Citizens have a right to know the basis on which the decision has been taken. If the authority of government refused the disclosure of the documents, the very purpose of the Act will be frustrated. Moreover, disclosure of the information sought by the petitioner cannot and shall not be construed as invasion on the privacy of an individual; rather disclosure of such information shall be in public interest, inasmuch as it will show transparency in the activities of the government. It cannot be argued that how this can be considered personal, the onus to justify the denial of information is on the PIO. In this case the PIO has no records explaining this ground while denying information to the appellant.

The very object of the Right to information Act, 2005 is to provide for setting out the practical regime to right to information for citizens to secure access to information under the control of public authorities, in order to promote transparency and accountability in the working of every public authority.

The Preamble of the RTI Act says that the Act is passed because “democracy requires an informed citizenry and transparency of information which are vital to its functioning and also to contain corruption and holds Government and their instrumentalities accountable to governed.”

Thus this Commission strongly believes that providing information in larger public interest would help ensure impartiality, objectivity and fairness.

DECISION:-

In view of what has been discussed and observed above, this Commission allows the appeal.

Accordingly, the Commission directs the Public Information Officer (PIO)-cum-Deputy Secretary, PWD, Government of Arunachal Pradesh, Itanagar, who has the custody of the documents, to make available to the appellant free of cost **on 11/08/2015 at 1030 Hrs** in the Commission's office failing which this Commission shall be compelled to invoke Section 20(1) of the RTI Act, upon the PIO.

With the above direction, the case stands disposed of.

Let the copy of this order be furnished to all the parties free of cost.

.....Respondents.

By Advocates:
Mr.R.Saikia, S/C for State Information Commission.
Mr. T.T. Tara, for Resp. No. 2.

BEFORE

THE HON'BLE MRS. JUSTICE RUMI KUMARI PHUKAN

Date of hearing : 27-05-2015 & 01-06-2015
Date of Judgment & Order : 04-06-2015

JUDGMENT & ORDER (CAV)

This petition under Article 226 of Constitution of India has been moved by the petitioner praying for setting aside and quashing the order dated 28-08-2014 passed by the learned State Information Commission, Itanagar in Case No. APIC-41/2014, whereby the Commission declared the Indira Gandhi Technological and Medical Sciences University, Ziro, as a Public Authority and falls under the ambit of RTI Act, 2005.

2. The fact of the case, in brief, is that the respondent No.2, namely, Dr. Nani Bath, Department of Political Science, Rajiv Gandhi University, Rono Hill, Doimukh filed an application to the Registrar of the petitioner University seeking certain information and documents under the RTI Act. The Registrar of the petitioner's University verbally informed the respondent No. 2 that the Indira Gandhi Technological and Medical Sciences University being a private university do not come under the ambit of the RTI Act, 2005, for which, the documents sought for by the respondent No.2 cannot be furnished to him under the said Act.

3. Being aggrieved with the verbal information with regard to non furnishing of the documents, the respondent No.2 has approached the State Information Commissioner i.e. respondent No.1 by filling a petition in the form of an appeal, which was registered as State Information Commission Case No. APIC-41/2014. The learned Member of the State Information Commission after hearing both the parties, disposed of the said appeal petition vide order dated 28-08-2014 holding that the petitioner's University is a public authority and falls under the ambit of the RTI Act, 2005 and also directed the Registrar of the said University to provide/furnish all the Information as sought for by the respondent No.2. Being aggrieved with the said decision of the State Information Commission, the petitioner has preferred this writ petition praying for setting aside the said decision as sate earlier.

4. I have heard Mr. A.K. Roy, learned counsels for the petitioner. Also heard Mr. R. Saikia, learned Standing Counsel for the State Election Commission/ respondent No.1 and Mr. T.T. Tara, and learned counsel appearing on behalf of the respondent No.2.

5. The learned counsel for the petitioner, Mr. A.K. Roy, has submitted that the Indira Gandhi Technological and Medical Sciences University is private University established under the Act No.6 of 2012 by the Arunachal Pradesh Legislative Assembly for providing vocational, professional including technological and medical education facilities. The said University is a private university, which is run by the World Institution Building Programme and the same is a Non- Government Organization (NGO). The said organization has established the petitioner's university

by funding support from their own to run the university including all infrastructure of the university. It has been submitted by the learned counsel for the petitioner that the university has not received or taken any grant or financial aid from the Government under sub- section 5 of the Clause 22 of the Schedule of the Indira Gandhi Technological and Medical Sciences University Act, 2012.

6. The learned counsel for the petitioner, in support of Section 15 of the Act of 2012, has submitted that the said Act only states about the structure but the Government has no any control over the management, finance and/or education of the University. Only two representatives of the Government of Arunachal Pradesh have been nominated as members of University and the rest of the members are from the World Institution Building programme. The University is a fully private organization and has discretion in all respect of finance like; salaries, fees structure, investment and admission etc., neither substantially financed nor it was owned and controlled by the State Government, which cannot be termed as a public authority. Thus, the main contention of the petitioner is that it is not a public authority coming within the definition clause under Section 2(h)(d) of the aforesaid Act. According to them, the University is neither a Govt. Institution nor an Instrumentality of the State, which can be brought within the purview of the right to information Act, as per the preamble of the Act no Private Organization/ Institution would be amenable to the jurisdiction of the Commission.

7. Mr.R.Saikia, learned Standing Counsel for the State Information Commission, has submitted that Commission has rightly decided the matter and passed the order dated 28-08-2014 on the ground that the University having two representatives from the Govt. of Arunachal Pradesh as Members in the Governing Body/Council, Executive Committee and Finance Committee, which can be treated as a public authority under the ambit of the RTI Act of 2005. The learned counsel for the petitioner has relied upon a decision made by Hon'ble High Court of Punjab and Haryana in Civil Writ Petition No.1509/2013, Chandigarh University, Village Gharun Vs. State of Punjab and Others, wherein, the question for consideration in the said writ petition was whether the petitioner Chandigarh University is a public authority within the meaning of section 2(h) of the RTI Act and it was answered that "once its shown that a body has been constituted by and enactment of the State Legislative, then, nothing more need to be shown to demonstrate that such a body is a " public authority" within the meaning of section 2(h)(c) of the RTI Act".

8. It has been urged that the matter in hand squarely covered by the decision rendered by the aforesaid case laws, as admittedly Petitioner University is a body established by law made by the State Legislative.

9. By filing the affidavit-in opposition, on behalf of the respondent No.2, the learned counsel for the respondent No.2, Mr.T.T. Tara , submits that the oral

intimation or communication to the respondent No.2 by the authority of the petitioner's university is wrong as per RTI Act of 2005 as they have admitted that the said University is a University established under the Act No.6 of 2012 enacted by the Legislative Assembly of the State of Arunachal Pradesh , although, the State Government is not a competent authority to establish a University, whether public or private but after establishment of the University by the enactment of the State Legislature, whether it be public or private, it is the State Government who look after the affairs of the University directly or indirectly.

10. Mr. Tara, learned counsel representing the respondent No.2 further submits that there are representatives of the State Government in the GTMSU and is being run by the NGO in the name of the World Institution Building Programme. A private body or an agency enacted by the Act of the Legislature of the State falls within the definition of the State under Article 12 and 13 of the Constitution of India. As per 22(5) of the Schedule of the Indira Gandhi Technological and Medical Sciences University Act, 2012, the University shall be a self- financed as it shall not be entitled to receive any grant or other financial assistance from the Government, but the University received substantial financial grants from the State Government which amounting to Rs 50.00 lakhs under SPA 2010-11 for construction of boundary wall of the University, implemented by the Water Resources Division, Ziro under the State of Arunachal Pradesh, which defines as a public authority and falls under the ambit of the RTI Act of 2005.

11. It is further stated in the affidavit-in-opposition of the respondent No.2 that as per Section 2(f) of the University Grant Commission Act, 1956 defines "University" as one established or incorporated by or under a Central Act, Provincial Act or a State Act, and includes any such institution as may, in consultation with the University concerned, be recognized by the Commission in accordance with regulations made in this behalf under the Act. The petitioner rightly stated that there is a violation of his fundamental rights, as the petitioner while filing this writ petition has clearly admitted that the said university is within the meaning of within the meaning of the State. Hence, the contention of the petitioner is devoid of any merit and liable to be dismissed.

12. The term "Public Authority" under 2(h) of Chapter-1 of the RTI Act, 2005, which reads as under:-

"2(h) "Public Authority" means any authority or body or institution of self-government established or constituted-

(a) by or under the Constitution;

(b) by any other law made by Parliament;

(c) by any other made by State Legislature;

(d) by notification issued or order made by the appropriate Government, and includes any-

- (i) *body owned, controlled or substantially financed;*
 - (ii) *non- government Organisation substantially financed, directly by funds provided by the appropriate Government.*
- (i) “record” includes-
- (i) *any documents, manuscript and file;*
 - (ii) *any microfilm, microfiche and facsimile copy of a document;*
 - (iii) *any reproduction of image or images embodied in such microfilm (whether enlarged or not); and*
 - (iv) *any other material produced by a computer or any other device;...”*

13. Now, it is an admitted position that the petitioner’s university was established under the law made by the State Legislature, which was published in the Arunachal Pradesh Gazette date 30-05-2012, and as per Act No.6 of 2012 and accordingly, as has been held by the Punjab and Haryana High Court in Chandigarh University (supra), it can be held that the petitioner’s university will come within the purview of 2(h) (c) of the RTI Act.

14. The Hon’ble High Court of Madras while dealing with similar aspect, has discussed various aspects of such matter, reported in 2013 (6) MLJ 669, Manu T.N. 2010/2013, the Madras High Court has observed as below:-

“.....imparting education is now recognized as a public duty taken up by private institution duly recognized by the competent authorities either under the Statute or Govt. orders issued from time to time, till a suitable Legislation is made. Article 162 of the Constitution of India deals with the Executive Power of the State. Executive function of the State comprises of both determination of the policy and implementation of the same by issuing appropriate Government orders. Even if there is no enactment covering a particular aspect. The Government can carry on the administration by issuing administrative directions and instructions, until the legislature makes a law in that behalf. The State Government can act in relation to any matter with respect to which the State legislature has power to make rules even if there is no legislation to support the executive action.

Though the internal administration of the College vests with its management, regarding enforcement of discipline, dress code, etc. but the Institution has to scrupulously follow the admission guidelines, as prescribed by the Government and the Director of Technical Education, Chennai from time to time.

It is also well settled that private educational institutions supplement the functions performed by the institutions established by the Government in imparting education. It is no more and independent activity. It is an activity supplemental to the principle activity carried on by the State. No private

educational institution can survive or subsist without recognition and /or affiliation. The bodies which grant recognition and/or affiliation are the authorities of the government or a body constituted under and enactment.

.... The words “body owned”, “controlled” or substantially financed” have not been defined under the Act or the rules framed there under and that public authority includes a non government organization substantially financed, directly or indirectly by funds provided by the appropriate government. The terms “substantial” employed in section 2(h) of the Act has come up for consideration before this Court in Tamil Nadu Road Development Company Limited represented by its Director-in – charge, Chennai vs. Tamil Nadu approach the court of law, bereft of any fact, as to why, the admission was denied.

(30). Once public money is paid to the college for the purpose of imparting education and when public policies towards implementation of achieving social justice is sought to be enforced in any educational institution, by the State, then it is incumbent on the education authorities to implement the same and that no college can be permitted to take a defence that it does not come within the purview of the Act, and that the public information Officer cannot issue any direction to the College to disclose any information to the applicant. Such a stand would be defeat the very purpose and object of the Act.”

16. Adverting to the present case, it flows from the pleadings that the representatives of the State Government are in the Governing Council of the Executive Committee and the Finance Committee of the Indira Gandhi Technological and Medical Sciences University. Form the annexure-2 (series) annexed in the affidavit-in-opposition filed by the respondent No.2, it has been indicated that the financial assistance with regard to boundary wall/fencing of the Indira Gandhi Technological and Medical Science University and by the annexure-3, providing for allotment of room at the District Hospital Ziro vide order date 12-09-2012, indicated directly or indirectly financial assistance provided by the State to the Indira Gandhi Technological and Medical Sciences University and the Management Committee is guided and assisted by the Govt. Members, while implementing policy matte. A private University cannot run at his own wisdom, while imparting education, by flouting Govt. Rules & Procedure applicable to the State.

17. The Hon’ble Apex Court in the case of Reserve Bank of India Vs. Peerless General Finance and Investment Co. Ltd., reported in (1987) 1 SCC 424, it has been observed a wider definition would have to be assigned to the expression “Public Authority” rather than a restrictive one, noted the importance of the context in which every word is used in the matter of interpretation of statutes and held in the following terms:-

“.... That interpretation is best which makes that textual interpretation match the contextual. A statute is best interpreted when we know why it was enacted. With this knowledge, the statute must be read, first as a whole and then section by section, cause by clause, phrase by phrase and word by word. If a statute is looked at, in the context of its enactment, with the glasses of the statute-maker, provided by such context, its scheme, the sections, clause phrases and words may take colour and appear different than when the statute is looked at without the glasses provided by the context. With these glasses we must look at the Act as a whole and discover what each section, each clause, each phrase and each word is meant and designed to say as to fit into the scheme of the entire Act. No part of a statute and no word of a statute can be construed in isolation. Statutes have to be construed so that every word has a place and everything is in its place.”

18. As per the provision under 2(h) of Chapter-1 of the RTI Act, 2005, the expression “public authority” in the later part of Section 2(h) i.e. body owned, controlled or substantially financed; non-government Organization substantially financed, directly or indirectly by funds provided by the appropriate Government. The petitioner’s University has been established under the Act No.6 of 2012 enacted by the Legislative Assembly of the State of Arunachal Pradesh and published in the Arunachal Pradesh Gazette (Extraordinary) No.99 Vol.XIX dated 30-05-2012, which demonstrate that such a body/University falls under the public authority within the meaning of Section 2(h) (c) of the RTI Act.

19. Having regard to the observations made in the aforementioned case laws and the aims and object of RTI, it can be held that the RTI Act, 2005 intends to achieve access to information to all concerned and to provide an effective frame work for enforcing the right to information recognized under Article 19 of the Constitution of India. The contention of the petitioner’s University that it is a private body, which does not fall under the public authority, is without any substance and cannot be accepted.

20. Accordingly, in my considered opinion, nothing illegality or infirmity has been found in passing the impugned order dated 28-08-2014 passed by the learned State Information Commission, Itanagar in Case No. APIC-41/2014 holding that the Indira Gandhi Technological and Medical Sciences University, Ziro, falls under the ambit of RTI Act, 2005 within the meaning of ‘Public Authority’.

21. In view of the above, this writ petition deserves to be dismissed and accordingly, the same is dismissed. There shall be no order as to costs
