CHAPTER-I

INTRODUCTION

The enactment of the Right to Information Act, 2005 is a historic event in the annals of democracy in India. Information is power and now a citizen has the right to access information “held by or under the control of” the public authorities. Concurrently, it is the duty of all public authorities to provide information sought by citizens. A sea changed can be achieved towards transparency and accountability in the governance by implementing the Act in letter and spirit.

India being a welfare State, it is the duty of the Government to protect and enhance the welfare of the people. It is obvious from the Constitution of India that we have adopted a democratic form of Government. Where a society has chosen to accept democracy as its credal faith, it is elementary that the citizens ought to know what their Government is doing. The citizens have a right to decide by whom and by what rules they shall be governed and they are entitled to call on those who can survive without accountability and the basic postulate of accountability is that the people should have information about the functioning of the Government. It is only if people know how Government is functioning that they can fulfil the role which democracy assigns to them and make democracy a really effective participatory democracy. “Knowledge”, said James Madison, “will for ever govern ignorance and a people who meant to be their own governors must arms themselves with the power knowledge gives. A popular Government without popular information or the means to obtain it, is but a prologue to farce or tragedy or perhaps both”. The citizens’ right to know the facts, about the administration of the country is thus one of the pillars of a democratic State. And that is why the demand for openness in the Government is increasingly growing in different parts of the world.

The Act mandates a legal – institutional framework for setting out practical regime of right to information for every citizen to secure access to information under the control of public authorities. It prescribes mandatory disclosure of certain information to citizens, and designation of Public Information Officers and Assistant Public Information Officers in all public offices / institutions to attend to requests from citizens for information within the stipulated time limits. It provides for appeal to officers senior in rank to Public Information Officers. It also mandates the constitution of a Central Information Commission and State Information Commissions to inquire into, hear second appeals and guide implementation of the Act.

The Right to Information Act, 2005 is now 14 years old. Credit goes to the Civil Society activism that brought the RTI Act into force in India. Civil Society Organization like Mazdoor Kishan Shakti Sangathan, National Campaign on People’s Right to Information, Press Council and so on fought protracted and aurdous campaign for enactment of the RTI Act in India.

The Indian Right to Information Act came fully into force on 12th October, 2005. However, in the State of Arunachal Pradesh, the Arunachal Pradesh Information Commission (APIC) was constituted on 19/10/2006. The law created Information Commissions with unique powers which can impose a penalty upto Rs.25, 000/- on Public Information Officers (PIOs) for delay in disclosure of information and so on. India is one of the few countries to introduce such powerful Information Commissions.

As a result, India enacted a strong RTI law. According to recent international assessment, India is placed 4th in the list of 112 Countries with the strongest national level RTI laws.

Civil Society's efforts did not end there. They continued their struggle so that any effort to weaken the law is nipped in the bud. Even after thirteen years, the law remains intact; not a single provision has been amended or weakened so far.

The Indian Right to Information Act served as a model for the Countries, particularly its neighbours, who enacted even stronger open laws, creating healthy Competition.

Looking back over the past decade, in the case of State of Arunachal Pradesh, we conclude that the implementation of the laws has been encouraging. There is general feeling that the law is working. The level of implementation on all sanctioned schemes have been implemented fully.

Many people of the State of Arunachal Pradesh have been filing requests for information and hundreds of successful stories appeared in electronic and print media. Even school going children filed applications and shot into limelight. It is worth mentioning that some activists like Prof. Nani Batt, Techi Hemu.

However, many citizens of the State are not able to use the law to its fullest extent due to unawareness. For example, RTI is very effective in protecting environment and very few are able to file applications seeking information.

On the other hand, thousands of officers designated as Public Information Officers (PIOs) are in need of proper guidance. Without appropriate guidance, activists using the law to access the information as well as officials responsible for implementing the law cannot take decisions confidently. Such guidance cut down the number of cases that would otherwise be brought to the Information Commissions on appeal. Public authorities need not make the same error of interpretation in response to other similar information requested.

Both the activists and Public Information Officers (PIOs) are equally responsible for keeping law alive; society recognises them for their contribution towards the campaign for transparency and openness to check corruption. The nodal Department responsible for implementation of the RTI Act, the Department of Administrative Reforms Government of Arunachal Pradesh has bought out the 3rd edition on "Implementation of Right to Information Act, 2005" in the state of Arunachal Pradesh up to December 2017.

Apart from such general guidelines, the Arunachal Pradesh Information Commission (APIC) has undertaken extensive tours to District Headquarters of Arunachal Pradesh to create awareness amongst the citizens and the officers on RTI Act, 2005.

The basic objective of the Right to Information Act is to empower the citizens, promote transparency and accountability in the working of the Government, contain corruption and make Indian democracy meaningful, vibrant and effective for the people in real sense. The Act is a big step towards the citizens informed about the activities of the Government.

Evidently, the major objectives of the Act are:

- 1) Greater Transparency in functioning of public authorities and pro-active and suo motu disclosure of information
- 2) Improvement in accountability and performance of the Government.
- 3) Promotion of partnership between citizens and the government in decision making process; and
- 4) Reduction in corruption in the Government Departments

In compliance of the above provisions of the Act, all levels of the Government – the Centre, States and the Local Bodies including Village level Panchayats – have put the records in public domain, through publications as well as internet, and to facilitate the access to information, a citizen has the right to:

- a) Inspection of work, documents records;
- b) Taking notes, extracts or certified copies of the documents or records;
- c) Taking certified sample of material; and
- d) Obtaining information in electronic form, if available.

Thus, all the public authorities have duly placed the information in public domain and that a citizen has a right to serve as to what is going on inside an organization. In the cases where the information sought for are not provided within the stipulated period of 30 days or the information furnished are incomplete, misleading or incorrect, a requester is free to file a complaint or appeal before the Information Commissioners, for necessary directions to the parties as per the provisions of the Act.

The Commission has the mandate, inter-alia, to impose penalty and or to recommend disciplinary action against the delinquent information providers, if held responsible for obstructing the free flow of information. Accordingly, information seekers and the NGOs have put pressure on the public authorities for promoting the culture of openness in functioning of the Government. A large numbers of PIOs have already been fined for violation of the provisions of the Act, which has, in effect created conditions for providing information to a requester.

Also, due to effective implementation of the Act, both the Centre and the States effectively implemented various schemes and programmes such as:

- a) National Rural Employment Guarantee Scheme (Assured jobs),
- b) Sarwa Shiksha Abhiyan (Education for all),
- c) Mid –day Meal Scheme,
- d) Drinking Water Mission,
- e) Integrated Child Development Services,
- f) National Rural Health Mission,
- g) Bharat Nirman (Rural Infrastructure, mainly Road, Electricity, Potable Drinking Water, Sanitation etc.
- h) Indira Avas Yagna (Shelter for the Poor),
- i) Border area Deveopment Fund (BADP),
- j) National Health Mission (NHM) etc.

All these programmes and several other similar schemes covered under the **MP / MLA Local Area Development Fund** are aimed at providing the basic human needs for maintaining a decent standard of living. These schemes were implemented at the whims of the so-called political boss and never percolated to the needy and poor citizens of the country. However, with the implementation of the Act, it brings transparency and has exposed corruption at all levels and, moreover, enable the citizens to build their strengths and abilities to realize their socio-economic objectives.

With the empowered citizens and free flow of information, there is significant quantitative and qualitative improvement in the delivery of services and realization of benefits of the programmes designed and implemented for the poor. For instance, disclosure of information relating to :

- i. Attendance of staff in schools has helped in checking teachers' absence and students' drop out;
- ii. Attendance of doctors and nurses at primary health centres has led to improvement in health care facilities in rural areas;
- iii. Bio metric system introduced in all public offices has led to regular attendance of both the officers and employees which led to quick movement and disposal of files.
- iv. The details of supplies and distribution of food grains through ration shops has assured the reach of entitlements to the beneficiaries;
- v. The supply and demand for petroleum products, such as, domestic gas has reduced black marketing;
- vi. Muster rolls and beneficiary of employment guarantee schemes has exposed corruption and ensured effective delivery of services to the poor;
- vii. Allotment of retail outlets (petrol pumps) and agencies for distribution of LPG gas has ensued fairplay and objective decisions, as reflected from substantial reduction in litigation cases in the matter.

The citizens could come to know through various RTI applications about the illegal appointment in various government department and even exposed wrong marking of answer scripts by the examining body giving extra marks and favouritism to a particular candidate and got appointed illegally by adopting unfair means.

Right to Information Act provides a broad framework for Government and Citizens' interface with design and monitor relevant projects, contain corruption, ensure accountability and to mutually share the responsibility for development. Under the Act, the public authorities are required to adopt open and transparent procedures and methods of delivery of services. They ought to reveal what they do, how they do and what are the outcomes of the policies, programmes and public expenditures. In a democratic society, the citizens, NGOs and media have the right to know as to how they are governed and they also have right to exercise their options to indicate how they ought to be governed and served by the Government. It is important, therefore, to ensure the following:

- a) **Proactive and suo motu disclosure of information:** - Under section 4 of the Act, all the 'Public Authorities are required to make proactive disclosure of information. Almost entire gamut of their activities and the manner in which they are executed are to be disclosed. The issue is how to present and and capture the relevant information that can be of use to the stakeholders for realizing their rights. The Computerization of records and use of IT resources to ensure transparency in functioning of different departments should be accorded high priority. The information should be disclosed on suo motu basis so that a citizen does not have to resort to the provisions of the RTI Act frequently. Almost all the Ministries / Departments have to put up information on their websites, which needs to be examined to assess the adequacy of their details for analysis and use of information.
- b) **Promote Information Literacy:** - The Act empowers every citizen to seek information and to gain ideas and acquire new knowledge to improve quality of life as well as to participate in the effective governance of public authorities. The issue is how to promote information literacy among people to enable them to decide what to ask for, how to ask and how to make good use of information, so that they can effectively participate in the process of development, including control of corruption.

The issue of promotion of information literacy among the both educated and not so well educated citizens is critical, because the people and the government functionaries share the responsibility of expediting the process of development. Accordingly, under Section 26 of the Act, provisions have been made for advancement of understanding of the public through education and training programmes. A multimedia strategy for promotion of information literacy should be designed by Information Commission, all the public authorities, including educational institution, in collaboration with media agencies so as to ensure greater interface between the stakeholders. The task is challenging, as less than 10 per cent of the poor have some awareness about the law on RTI and the manner in which it could be used by them to claim for their entitlements. The potential of IT resources and widespread educational institutions of all types and levels should be exploited to

promote information literacy. The government should provide all necessary supports for such awareness programmes at all levels for effective implementation of the Act.

The Right to Information Act has a comprehensive reach and covers a wide spectrum of bodies. All the Departments and undertakings of the Central and State Governments, institutions, agencies and other bodies established, constituted, owned, controlled or substantially financed by Governments including non-governmental organizations come under the Act. Every citizen of India has the right to access information which is held by or under the control of any public authority under this Act. Such access to information includes inspection of documents or records, taking certified samples of material, cassettes or in any other electronic mode or through printouts where such information is stored in a computer or in any other device.

Faith in democratic form of government rest on the old dictum: “Let people have the truth and freedom to discuss it and all will go well”. Democracy means Government of the people, by the people, and for the people. However, if the citizens are ignorant of the decisions taken by the Government and reasons advanced for the same, there can be no Government by the people. Every citizen has a fundamental right to know what the Government is doing in its name and for this purpose to get information on each and every decision being taken by the Government. The Right to Information Act, 2005 is the most progressive legislation to make the right to information more participatory, progressive and meaningful, indeed is a step in this direction.

Future of RTI: A major challenge is to develop capacities for access to information. The capacities of both the public authorities (i.e. the duty bearers) and the citizens (i.e. the claim holders) may have to be enhanced, for which a two pronged strategy would be needed.

First, a comprehensive information management system (IMS) should be developed by each public authority for storage and retrieval of data and information that may be shared with anyone who seeks to inspect and use the information for development purposes. Not only the institutional capacity but also the individuals associated with facilities to cope with the demand for sharing of information.

Second, in order to properly manage the demand for information from the NGOs, in general, and the citizens, in particular, a concerted effort would be needed to create mass awareness among the people to promote information literacy. A multimedia approach should be adopted to educate and train people as to how to decide and select what information should be sought for and that from where and how? Besides, they should be educated as to how to make best use of information for effective participation in economic and political processes. This alone can ensure cost-effective use of the provisions of the RTI Act. Now the time has come to uphold true democracy in India. Or else continue to swallow in the political cesspool which hails rampant corruption, favouritism etc.

CHAPTER- 2

A BRIEF ABOUT ARUNACHAL PRADESH INFORMATION COMMISSION

The Right to Information Act, 2005 is a landmark legislation that has transformed the relationship between the citizen and the state. This legislation has created for every citizen to hold the instrumentalities of Governance accountable on day to day basis. The legislation perceives the common man as an active participant in process of nation building by conferring on him the right to participate in the process through the implementation of Right to Information Act.

It has been 13 years since the RTI Act has been in operation in the state of Arunachal Pradesh. A key strength of the Act pertains to administrative and adjudicative autonomy of Information Commission.

CHAPTER-9

RECOMMENDATION OF THE COMMISSION TO THE STATE GOVERNMENT

As per Section 25 (3)(g) the Commission would like to make the following recommendation to the Government of the Arunachal Pradesh for effective implementation of the RTI Act in the state.

REGULAR REPORT RETURN FROM PUBLIC AUTHORITIES

Although Sub Sections (2) and (3) of Section 25 of the RTI Act mandate that each Ministry and Department in relation to the Public Authorities within their jurisdiction, shall collect and provide such information to the State Information Commission, as is required to prepare the Annual Report. It has been found that only 23 State Public Information Officers out of 310, have submitted the report return for the purpose. The State government, through the nodal department should direct all the PIOs to submit the quarterly report of the Public Authority as specified under the provisions of section to the State Information Commission regularly.

INADEQUATE PERFORMANCE OF THE FIRST APPELLATE AUTHORITY

As per Section 19(1) Any person who does not receive decision within the time specified or aggrieved by the decision of the State Public Information Officer (SPIO), may within 30 days from the expiry of such period or from the receipt of such a decision, prefer an appeal to such officer who is senior in rank to the State Information officer in each public authority.

It has been observed that this provision of First Appellate Authority is being done by a very few public authorities and most of the First Appellate Authorities do not function in the state. So much so that, the department of Administrative Reform (AR) the nodal department, has not yet brought out the Rules on the First Appellate Authority.

For effective implementation of the Act, the provision of the First Appellate Authority (FAA) is to be complied with strictly. For this, the appropriate initiative is required from the nodal department of the government.

PROACTIVE DISCLOSURE

As per Section 4 of the RTI Act, it is the obligation of every Public Authority to disclose certain information on *Suo Motu* basis as laid down under sub-section(1) of the Section.

As per Sub Section (2) of the Section, it shall be a constant endeavor of every Public Authority to take steps in accordance with the requirements of the clause (b) of the Section 1 to provide as much information Suo-Motu to the public at regular intervals through various means of communication including internet, so that public have minimum resort to the use of the Act to obtain information.

It has been observed that most of the Public Authorities are not strictly complying with the provisions of the Section by proactive disclosure of the activities undertaken by the Public Authority. It is also, observed that many of the Public Authority are not even having website containing upto date information. If more and more Suo-Motu disclosure is made by the Public Authorities, undoubtedly there would be less and less people to resort to this Act for seeking information. Therefore, the Commission recommends that the Chief Secretary of the State should direct all the Public Authorities of the state to comply with the provisions of the Act strictly.

Whereas the 1st hearing was held on 17.05.2018. Shri. Birbal Rai, the APIO-cum-CRLC and Shri Amitabh Pejik DPC (MDM) represented the PIO. The appellant informed that he had received the informations for the year 2017-18 only whereas he has sought from the year 2012 to till date. The APIO replied that some of these informations are pertaining to the period prior to the bifurcation and hence these are available with the PIO-cum-DDSE, East Siang District, as the Siang District started functioning from 2nd quarter of 2015. The Commission decided to summon the PIO-cum-DDSE, East Siang as 2nd Respondent to appear in the next hearing. The APIO-cum-CRLC was also directed to contact to the appropriate person from his side so that the informations can be furnished to the appellant. Further, the Commission pointed out that the informations sought under

Sl.no. 2 & 3 are of same nature and hence the rate of honorarium as sought under Sl.no 2 be furnished.

Whereas the 2nd hearing was held on 28.08.2018. Shri Birbal Rai, the APIO-cum-Coordinator and Shri Amitab Pejik, DPC (MDM) represented the DDSE of Siang District. Shri T. Dabi the APIO-cum-Head Master represented the DDSE of East Siang District, Arunachal Pradesh. Shri Tagar Mibang, the appellant was also present. After hearing from both the parties, the Commission ordered as follows:

1. The PIO of Siang District: to furnish the list showing the name of Cook-cum-helper and the evident of the honorarium paid to them from existing eligible schools for the period from 2nd Qtr. Of 2015 to 2017.
2. The PIO of East Siang District: to furnish the list showing the name of Cook-cum-Helper and the evident of the honorarium paid to them from existing eligible schools for the period from 2012 to 1st Qtr of 2015.

Whereas, the 3rd hearing was held on 18.09.2018. Both the parties were present. The PIO of Siang District brought the documents as per direction of the previous order and handed over to the appellant during the hearing. The appellant sought the actual receipt of the honorarium paid to the cook cum helper. The PIO clarified that they have indicated the year wise installments against which payment was made.

The PIO of Siang District also brought the information as per direction of the previous order of this court and handed over to the appellant.

The BEO also informed that some of the informations he was unable to furnish because these were totally destroyed in a fire accident in his office. He has also submitted a certificate obtained from the Police Station.

The Commission had directed the DDSEs of both Siang and East Siang Districts to furnish the remaining available information within the 10th October'2018.

Whereas, the 4th hearing was held on 16.10.2018. Shri Birbal Rai, the APIO-cum-Coordinator, Shri Amitab Pejik, DPC (MDM) represented the DDSE of Siang District, Shri T. Aje, APIO-cum- Dist. Coordinator (MDM) East Siang and Shri Tagar Mibang the appellant were present. The appellant informed that out of total 84 (eighty four) schools only the information provided by the Rengo Middle School was found satisfactory and rest of the schools have provided incomplete information. On the query of the Commission, the APIO informed that they had issued a letter to all the Headmasters and the Teacher incharges to provide information in detail but they have failed to adhere to the notice issued. The APIO requested for some more time to be given, so that they could call meeting and instruct Headmaster and Teacher Incharges to provide detail information at the earliest. On their request the Commission had given last chance to produce the information or give a speaking order as to why the money receipts/ Acquaintance Roll of the cook cum helpers could not be furnished in the next hearing date, else penalty will be imposed.

Further, ShriTanyangTatak, PIO-cum-DDSE Pangin, Siang District had been directed to attend in person without fail in the next date of hearing. If he was found absent in the next date of hearing, arrest warrant under section 18(3) (a) was to be issued and also under section 20(1) penalty was to be imposed on the PIO.

Whereas the 5th hearing was held on 13.11.2018. Both the parties were present. While investigating it had been found that the honorarium for the Cook-cum-Helper of MDM scheme of schools in Siang District had been received by the Head Master/BEO etc and it was not known whether the payment had actually been made to the concerned Cook-cum-Helper of the MDM scheme or not.

Therefore, the PIO-cum-DDSE, Siang District had been directed to furnish Acquaintance Roll/money receipt duly signed by the concerned Cook-cum-Helper of each school from July,2015 to 31.03.2017. The DDSE, had to identify all Head Master/ BEO etc., who were involved in the disbursement of the amount in each school during the period and fix the responsibilities on them if they are unable to furnish the required documents. This had to be done within a period of 20 days and thereafter the information to be furnished to the appellant. The action taken report was to be submitted in the next date of hearing.

Whereas the 6th hearing was held on 11.12.2018. ShriBirbalRai, APIO on behalf of PIO was present. The appellant ShriTagorMibang was also present. After hearing both the parties the Commission ordered the APIO to furnish the remaining informations as mentioned below without further delay:

- 1) The list of all eligible schools under Siang District,
- 2) The list of Cook-cum-helper indicating the name and date of appointment and also payment details to them.

The Commission further cautioned that if the PIO fails to furnish the above said informations to the appellant within 10th January,2019 penalty shall be imposed on him under section 20(1) and also compensation to the appellant under section 19(8)(b) of the RTI Act,2005

Whereas, the 7th hearing was held on 15.01.2019. ShriBirbalRai, APIO on behalf of PIO was present. The appellant ShriTagorMibang was also present. The APIO furnished the information on the day of hearing instead of doing the same within 10th Jan'2019 as directed in the last hearing. On cursory looking at, all schools did not have the mention of cook-cum-helpers. However, the appellant was to go through it and convey his satisfaction. Therefore the next day of hearing was fixed.

It was also made it clear that the hearing of this case cannot be prolonged any longer. Therefore, ShriTanyangTatak, PIO-cum-DDSE, Pangin, District Siang Arunachal Pradesh

was asked to be present in person in the next hearing and explain the reason why penalty under Section 20(I) and also compensation to the appellant under Section 19(8)(b) of the RTI Act 2005 should not be imposed on him for delebrate delay and incomplete furnishing of informaitons.

Whereas 8th hearing was held on 19th February'2019.ShriTanyangTatak, PIO-cum-DDSE Pangin, District Siang Arunachal Pradesh and the appellant ShriTagarMibang were present. The appellant informed that he has received only the information of 42 schools and that too are incomplete. The PIO informed that out of total 86 schools only 69 schools are eligible under MDM scheme. The PIO also admitted that the remuneration to the Cook cum helper was not paid in some schools and the amount was kept with Headmaster due to the absence of the Cook cum helper. So, they contacted the Cook cum helper and tried to pay the remunerations but they did not turn up.

Whereas, the Commission noted and made observation that paying remuneration at this point of time itself is irregular and asked the PIO if remuneration was not disbursed timely, why the amount was not returned to the government exchequer?

Why, disciplinary proceedings initiated against the erring officials / teachers for keeping the government money with them for such a long period of time? The PIO could not give satisfactory and justifiable answer.

Whereas, the Commission has given reasonable opportunity to the PIO to furnish information or give convincing reasons in written for non availability of informations as sought by the appellant. The PIO could not follow the orders and directions of the Commission. Therefore, penalty of Rs. 25, 000.00 (Rupees twenty five thousand) only under Section 20(1) of the RTI Act 2005 is imposed and also he has been asked to compensate the appellant under section 19(8)(b) of the Act, the exact amount for the compensation will be decided in the next hearing. Further, the Commission cautioned the PIO that if he fails to furnish the remaining information and deposit penalty within 10 days in favour of the Registrar, Arunachal Pradesh Information Commission, Itanagar through Treasury Challan in the Head of Account "0070-Other Administrative Charge" and pay the compensation to the appellant, a disciplinary proceeding under Section 20(2) shall be recommended.

Whereas, the 9th hearing was held on 19.03.2019.ShriAmitabPejjik, APIO-cum-DPC(MDM),Pangin, District Siang Arunachal Pradesh and ShriBanbohNyitam, representative of the appellant ShriTagarMibang were present during the hearing.

Whereas, the appellant ShriTagarMibang submitted a letter No. NIL Dated 19/03/2019 through his representative stating that he has received all the information free of cost from the PIO and is satisfied with the information furnished to him.

Whereas, the appellant did not turn up to claim compensation as per the last hearing order, therefore, the compensation stands cancelled. The APIO submitted a copy of Challan No. 23644 Dated 21/02/2019 as a proof for the penalty deposited in the Head of Account "0070-Other Administrative Charge".

In view of the above, the case is hereby disposed of.

ORDER

Whereas a complaint under Section 18(1) of RTI Act, 2005 has been received from ShriRakhiniMipi, G/5010892Y Rfn/GD, 24 Assam Rifles, PIN-932024, C/O 99 APO for non-furnishing of information as sought by the complainant under section 6(1) of RTI Act, 2005 on 03.04.2018.

Whereas 1st hearing was held on 18th September'2018. ShriKagoDoni, PIO – cum - DLRSO, District Dibang Valley, Anini, Arunachal Pradesh was present. The complainant ShriRakhiniMipi, G/5010892Y Rfn/GD, 24 Assam Rifles, PIN-932024, C/O 99 APO was found absent. Commission inquired as to why the PIO delayed in providing the information to the complainant and why should not he be penalized. In reply the PIO gave the reason of heavy work load and shortage of manpower in the office. As per the PIO, information sought by complainant as per Form 'A' has been furnished. But, due to absent of complainant in the hearing his satisfaction could not be confirmed.

Since this case is under Section 18(1) of the RTI Act 2005, the Commission wanted to dispose of the case in the 1st hearing itself but due to the absence of the complainant it could not be done. To give an opportunity, further hearing is to be fixed.

Whereas 2nd hearing was held on 16th October'2018. ShriKagoDoni, PIO – cum - DLRSO, District Dibang Valley, Anini, Arunachal Pradesh and the complainant ShriRakhiniMipi were present. The complainant reiterated his plea that the PIO has deliberately avoided furnishing the information and even he did not bother to put up his application. Therefore, pleaded for imposing penalty on the PIO. The PIO was given opportunity to explain the reason as to why no penalty be imposed on him under Section 20(1) of the RTI Act. His argument was found to be lame excuses and could not convince the Commission. In view of the above Commission has decided to impose penalty @Rs.250.00 per day for 21 days from the expiry of the specified period for providing information to till he made an attempt to furnish information, amounting to Rs. 5 250/- (Rupees five thousand two hundred fifty) only.

The PIO has been directed to deposit the said penalty amount in favour of the Registrar, Arunachal Pradesh Information Commission, Itanagar through Treasury Challan in the Head of Account “0070-Other Administrative Service”. The penalty has to be deposited before 30th Oct'2018 and has to produce the proof of depositing the amount through treasury challan at the time of next date of hearing failing which additional action shall be taken under Section 20(2) of the Act i.e. recommendation for disciplinary action.

Whereas, the 3rd, hearing was held on 13.11.2018. . ShriKagoDoni, PIO – cum - DLRSO, District Dibang Valley, Anini, Arunachal Pradesh was present but the complainant ShriRakhiniMipi was found absent. The PIO has furnished TreasuryChallan to the Commission as a proof of depositing the penalty amount in the Govt. Exchequer. Though, the appellant has informed his dissatisfaction over the information furnished by the PIO to him through email, the Commission viewed that it is a case of complaint under Section 18(1) of the act. and cannot direct the PIO to furnish information as per Judgment of Supreme Court in the case of the Chief Information Commissioner and Another Vs State of Manipur and Another vide Civil Appeal No. 10787-70788 of 2011.

Therefore, the case is hereby disposed of.

Vs

North East Frontier Technical
University, SipuPuyi, Aalo (P.O),
West Siang (Distt.)

Arunachal Pradesh. --Respondent

ORDER

Whereas, an appeal under Section 19(3) of RTI Act, 2005 has been received from ShriJitendra Kumar Bhakta, 814. H.G.I. Labour Colony, Sultan Puri, Delhi-110086,for non-furnishing of information as sought by him under section 6(1) of RTI Act, 2005 on 20.05.2018.

Whereas, 1st hearing was held on 30.10.2018.The APIO-cum-Asstt. Professor, Shri Robin Singh represented the PIO of the Registrar, North East Frontier Technical University, SipuPuyi, Aalo (P.O), West Siang (Distt.) and the appellant ShriJitendra Kumar Bhakta was present. After hearing both the parties it was noted that ShriJitendra Kumar Bhakta has done 1st Semester of Master in Business Administration (Finance) from North East Frontier Technical University, SipuPuyi, Aalo (P.O), West Siang (Distt.) under the Enrollment No. 1520324020110177 during the Academic Session 2016. He said that he has done his 1st Semester from Sultanpuri, New Delhi-11 00 86 and he has never visited the University Campus at Aalo. He was not even aware, where Aalo is located in the North Eastern Region. He sought authentication of his mark sheet from the University but he could

not get the same. As such he filed his RTI application on 26th March'2018, which was received by the University on 31st March'2018.

Not getting any reply he made appeal to the First Appellate Authority under Section 19(1) on 20th May'2018. Getting no reply from the University even after the first appeal, the appellant made the second appeal under Section 19(3) of the Act on 03.09.2018.

As such the first hearing was held on 30.11.2018. In the hearing the APIO said that the University has sent a letter to the appellant vide letter NO.NEFTU/AR/2018-19/182 Dated : 09/07/2018 asking appellant to personally present in the University with the relevant documents for Verification. However, the appellant said that he has not received any letter and asked for the evidence of sending the letter. The APIO showed Xerox copy of University dispatch Diary but could not produce valid postal records.

After, hearing the case the Commission observed that under UGC Regulation, 2003, (Establishment of and maintenance of standard in private university) a private University cannot have an off campus or study centre nor can run distance education. Under Section 3.3, of the Regulation, "a private university established under a State Act shall operate ordinarily within boundary of state concern". However, after the development of main campus, in exceptional circumstance the University may be permitted to open off campus, off shore campus and study centers after the 5(five) years of it has come into existence subject to approval of UGC. Under said Regulation, a private university cannot run distance education without permission from DEC/UGC. NEFTU established in 2014 is not even eligible to apply for the same. As such UGC cannot accord any permission to the NEFTU for running off campus, study center and distance education.

Therefore, it is not understood as to how ShriJitendra Kumar Bhakta has obtained his mark sheet for 1st Semester of MBA of the University sitting in Delhi without attending any classes or appearing in the examination at Aalo, where the university is located.

In view of the above the Commission has directed the APIO, either to own or disown the said mark sheet. If owns, the mark sheet should be duly authenticated by the Registrar of the University with the seal of the University. If disown, make a clear statement that the University has not issued the mark sheet and somebody else has done it in the name of NEFTU illegally and the University authority has to lodge a FIR to the concern Police Station immediately. This has to be done within 15th November'2018 and produce the evidence of obliging this order in the next date of hearing.

Whereas, the 2nd hearing was held on 27.11.2018. The APIO-cum-Asstt. Professor, Shri Robin Singh represented the PIO, the Registrar, North East Frontier Technical University, SipuPuyi, Aalo, West Siang (Distt.). The appellant ShriJitendra Kumar Bhakta was found absent. The APIO informed that they have verified their records and found that ShriJitendra Kumar Bhakta is not student of their University, under

theCourse, MBA. Therefore, they have lodged a complaint (F.I.R.) in the Aalo Police Station(West Siang District)against unknown person trying to malign the reputation of the University. The APIO, also furnished a copy of the F.I.R.

Therefore, the case is hereby disposed of.

District:- P/Pare, A.P.

Respondent: Public Information Officer,
Mr. Gyati Atto, E.E, Longding Electrical

Date of Hearing: 22-11-2018

**BEFORE THE HON'BLE COURT OF SHRI ABRAHAM K TECHI, INFORMATION COMMISSIONER
ORDER**

The brief fact of the case is that on 1st February 2018 the appellant sought detail information on implementation of Central and State Sponsor Schemes like BADP, DOTCL, MP and MLA LAD, SPA, SIDF, DDP, Untied Fund, NLCPR, Trans Arunachal Highway 2 Lanning, DDUGJY Central Schemes and other Sanctioned Schemes from the Executive Engineer-cum-PIO, Longding, Electrical Division.

Having aggrieved of the sought information the appellant on 04th June 2018 under section 19(3) of the Act appeal before the Commission for necessary action as per the RTI Act. Taking cognizance of the appeal, the Commission issued several notice and orders to the concern PIO to furnish the sought information to the appellant. After giving reasonable chances to explain the reason for refusing to furnish the information the Commission on 10th September 2018 invoke section 20 (1) of the Act and imposed penalty of Rs. 25,000/- (Rupees twenty five thousand) only to Mr. Jomge Dulom PIO-cum-Executive Engineer, Electrical Longding Division. The PIO informed the Commission that he had furnished some information pertaining to the application of the appellant and assures the remaining information to be furnished at the earliest possible.

The present PIO was replaced by Mr. Gyati Atto Executive Engineer, Electrical as Mr. Jomge Dulom was transferred out from the present posting placed. On 31st October 2018 both the appellant and new PIO were present in which the appellant informed that he

had been to Longding for collection of required information and meet the new PIO who was very positive about the dissemination of the information. The new PIO also assured the Commission that he would furnished all the available information as sought in the application of the appellant but required some times as he was shortage of supporting staffs.

On 22nd November 2018 both the parties were absent for hearing. The Commission assumes that as assured by the PIO the sought information has been already furnished to the information seeker. The instant case took pretty long time due to communication bottle neck and transfer and posting of the concern Public Information Officers. However due to constant orders and penalty upon the Public Information Officer the concern public authority was forced to act upon the application of the appellant.

In view of the above, the instant case is hereby disposed of.

JUDGMENT/ORDER

This is a complaint case filled by the complainant Shri Mon Mohan Mihu on 20.04.2018 against th EE-cum-PIO, Rural Work Division Anni, before the Arunachal Pradesh Information Commission U/S 18(1) Of the RTI Act, 2005 alleging against the PIO, inter-alia , for non –furnishing of the information sought under RTI act , 2005 and the same which was received in the Registry of the Commission ha been registered as aforesaid Vide . APIC-110/2018.

Brief fact of the case is the complaint on 13.02.2018 submitted an RTI application under form-A of the RTI Act,2005 before the Office of the Deputy Commissioner Dibang Valley District, Anini. The PIO of the Deputy Commissioner Dibang Valley District, Anini, having found the information sought falling under the establishment of the EE-CUM-PIO RWD, Anini Division, transferred the same to the said Executive – Cum- PIOP RWD , Anini Division,to direct furnish the information's sought to the complainant from his end . But the said PIO of the RWD Anini Division, being the present PIO/respondent , neither furnished the information so sought U/S of the RTI Act to the complainant nor has he communicated any information to the complainant about his inability to furnish the so sought and the same, as such , amounted thereby to an act as

deemed refused to the request for furnish the information in the term of the law as provided under sub- section-(2) of Sec -7 of the RTI Act,2005. Being aggrieved by such refusal of the PIO/Respondent before the Arunachal Pradesh Information Commission U/S 18(1) of the RTI Act and the same was accordingly received and registered in the Registry of the Commission as aforesaid for an inquiry into the complaint.

Having registered the complaint, the Commission issued notices to the parties for appearance before this Court of the Commission for hearing of this complaint. In this context it is pertinent to mention herein that it is a known record of the Govt. that Anini Town of the State of the Arunachal Pradesh is a har place which is the second most distant place from amongst all towns/cities of the State from the State capital, measuring 875Kms in distance from Itanagar. In spite of such hard and second longest distant place from amongst other towns/ cities of the State from Itanagar the complainant regularly attended this court in all 3 (three) consecutive hearing on 26.06.2018,26.07.2018 & 24.08.2018 at Itanagar from Anini for seeking justice against the PIO/ respondent for such refusal in furnishing information to him under RTI Act. But the PIO/respondent , on his part, has neither been present in person in all dates of hearing of the complaint nor has he ever been represent by any other person or appearing in his behalf during any of those hearing of the last complaint . Surprisingly enough on 30.08.2018, after about a week of the last hearing of the complaint fixed on 24.08.2018, this commission received a letter vide No.EE/SCH/RTI/01/2017-18/232-34 dated 12.07.2018 accompanied only with a copy of detail project Report(DPR) prepared by the Executive Engineer, Rural Work Division Roing against the name of the work-‘Construction of Anini Damuen BRTF road to Bomgoda Horticulture Garden(Ph-I)’ – forwarded to this Commission by the PIO/ respondent with only an information to this Commission for further necessary action on the matter. The PIO has indicated in this letter that he ha forwarded a copy of this letter along with a copy of the DPR forwarded to the Commission to the complaint also. But in contrary an application has been received from the complaint on 31.10.2018 , wherein, information that no information under RTI Act has yet been received from the PIO. The PIO/ respondent by such act of his forwarding only a copy of the DPR aforesaid to this commission for information for further necessary action in lieu of providing detail information as sought in Form-A of the RTI application directly to the communicate appears to have evasively denying information to the complainant until this last stage of hearing of the complainant and the same which is virtually not within the purview of the provision of the Act manifest his malicious intention of denying information to the complainant liable for imposing cost on him in the terms of sub-section-(2) of Sec-20 of the RTI Act. Such conduct of the PIO/respondent in refusing to furnish the information so sought under RTI Act within the prescribed period of 30 days of receipt of the application under Form-A as provided U/S 7(1) of the Act and evasively forwarding only a copy of the DPR to the Commission in denial of detail information so sought to the complainant until

during this lasty stage of the hearing of Section -7 of the RTI Act,2005. Such acts of the PIO/respondent aforesaid coupled with his conduct in remaining absent in all hearing without any official communication of the reason, if any, being made to the commission of his inability to attend the hearing led this court for believing of the fact that he has been deliberately denying to furnish the information without any reasonable cause liable for imposing reasonable penalty U/S 20 of the RTI Act,2005 for such violation of the provision of sub-section-(1) of Sec -7 of the RTI Act 2005. However, with a view to give the PIO/respondent a reasonable opportunity of being heard on such finding of this Court liable for imposing reasonable penalty on him as aforesaid a show cause Notice dated - 17.09.2018 issued against him along with a service copy whereof was forwarded vide letter memo No.APIC-110/2018/86 dated-17.09.2018 to the Superintendent Engineer Eastern Zone , who happens to be his immediate copy accompanied with the said forwarding letter to the Superintendent authority to him to immediately report to this Court of the Commission. But yet again the PIO/respondent has been found neglected to report to this court of the Commission to show cause or, otherwise , to explain away the circumstances as to why he be not imposed any penalty U/S 20(1) of the RTI Act , 2005 for such failure in furnishing the information's so sought to the complainant in the term of sub-section-(1) of Section-7 of the Act. Finding the negligent attitude of the PIO/ respondent to report to the Commission as directed by Superior Authority (SE RWD EZ) and in furnishing replies to the Show Cause issued against him as mentioned herein before complaint and , accordingly , the PIO/respondent was informed of this date fixed today over his mobile phone No. 9862369289/9436431066 given by the said Superintendent Engineer to this Commission. Accordingly, the PIO is , though present for the first time , has failed to furnish replies to the Show Cause as to why he not imposed reasonable penalty on him for refusal in furnishing information to the complainant in terms of the provision of sub-section-(1) of Sec-7 of RTI Act, 2005.

Considering all above discussion into account I have no escape from arriving at a conclusion that the PIO/ respondent has, without any reasonable cause , refused to furnish information's so sought under RTI Act to the complainant which amounts tp clear violation of the lwa of the land as provided in sub-section-(1) of section-7 of the RTI Act, 2005 and the same which has led to undue harassment of the complainant, having right to access to the information as a bone-fide citizen citizen of country, in performing long journey from Anini for attending this Court again and again at Itanagar for bring him (PIO) to justice As aforesaid. And such neglect of the PIO/ respondent in performing his (PIO) to justice for such refusal in furnishing the information so sought under RTI Act, 2005 with also a reasonable penalty on him U/S 20(1) of the RTI Act, 2005 with also a reasonable cost to him to be paid being compensation to the complainant for the losses he has suffered in bringing him (PIO) to justice as aforesaid. And such neglect of the PIO/respondent in performing his legal duty conduct and attitude showing disrespect/ disregard to the

Parliament as such public servant is found amounted to a misconduct of a a public servant liable himself for initiating a disciplinary proceeding against him under the related service governing him for such misconduct.

In view of all above I hereby impose a fine of Rs. 10,000/- (rupees ten thousand) only on Er. Denial Pertin, Executive engineer –cum- PIO, RWD, Anini, being penalty for his deliberate refuse in furnishing information to the complainant without any reasonable cause in terms of the law as provided U/S 20(1) of the Act , 2005 with a cost of Rs. 10,000/- (Rupees ten thousand) only to him , being compensation to be paid ton the com[plainant for such undue sufferings meted to him (complainant), for bring him (PIO) to justice as aforesaid under the said related provision of the Act. It is further recommende4d under sub-section-(2) of Section-20 of the Act to the Commission/ Secretary ,RWD , Government of Arunachal Pradesh for imitating a disciplinary proceeding against the said Er. Denial Pertin, EE-Cum-PIO, RWD Anini Division, Under related provision of the service rule of the Government to provide information to the complainant as provided under the law Section - 7(1) of the Act.

Judgment /Order pronounced in the open court on this 2nd day of November, 2018 in the presence and hearing of the said PIO/respondent. Each copy this judgment / order be furnished to the either party with each copy of the same to the Commission/ Secretary , RWD, Govt. of Arunachal Pradesh , Itanagar, the Chief Engineer Rural Work Department (EZ), Itanagar and the superintendent Engineering , Rural Work Department (EZ), Namsai, for information and for initiating disciplinary action as against the PIO/respondent , Er . Denial Pertin , Executive Engineer , Rural Work Division, Anini, as deemed fit proper under related service Rules application to him for such willful omission of his legal duty as aforesaid amounted to an act of misconduct of a public servant.
